ANSWERS ENABLE GENOA DELEGATES TO CONTINUE

DECLARES NO FIAT CAN BE GRANTED

Says Commissioners' Action Nullifies Order

Anti-Blue Sunday League Hears Argument

Claiming that by exercising discrimination in the matter of Sunday closing the Police Commissioners have nullified the effect of their order that all stores should remain closed on Sunday, Frank Higgins, K.C., insisted, at a meeting of the executive of the Anti-Blue Sunday League this morning that there was evidence sufficient to convince the Attorney-General that no fiat should be issued by him in case of prosecutions being brought against those who continued to keep their stores open.

"The Attorney-General has said that he will not grant a fiat if the Police Commissioners exercise any discrimination in Sunday closing. The Mayor, in allowing Buller's to remain open, and with the knowledge of Police Commissioner Staneland, has allowed a discrimination. Therefore the Attorney-General will grant no fiat if the stores remain open.

"You have a concrete case, and if you come out to fight this case you will win it," declared Mr. Higgins.

A Point of Law.

Mr. Higgins said there would be no difficulty in proving the specific case of discrimination, and therefore he asserted the order of the Police Commissioners must fall to the ground from sheer inability to prosecute owing to the Attorney-General's promise that no fiat would be granted if there was any instance of discrimination. He claimed also that the Lord's Day Act was not applicable to Vancouver Island.

Herbert Kent, president of the Anti-Blue Sunday League, presided and in addition to the executive there was a good representation of interested merchants, some of whom operate on Sunday and some who do not.

B. O. Taylor, representing sightseeing car operators, recalled that when the Attorney-General was visited in regard to Sunday closing the latter had insisted that in the exercise of discretion in enforcing the Lord's Day Act the will of the majority of the people must govern. "The Attorney-General as good as sent the Mayor and Police Commissioners back to the people to get their opinion, but instead of ordering the taking of a plebiscite the Commissioners persist in forcing their views on the people," said Mr. Taylor.

Criticized Plan.

"Persecution, rather than Prosecution," is the way Fred Landsberg, H. Arden, Alfred Carmichael and several other speakers characterized the threat to hail into court any storeowners who kept their places of business open on Sunday.

There was a good deal to talk about letting the issue go to a test case in the courts. The question, while the matter of the plebiscite is being disposed of, whether the stores should remain open also caused a divergence of opinion.

A resolution was adopted by the League that shop owners should be requested to remain closed Sundays until the people decide the issue through the plebiscite.

While the headquarters of the League will remain at 317 Sayward Building, a sub-office has been opened at 613 Yates Street, where a man will be in charge at all times.

The petitions asking for a plebiscite are now ready for circulation, and volunteers are asked to telephone 1223 or call at the Yates Street office to undertake the canvass.

No reply has yet been received from the Attorney-General or the Police Commissioners to the League's request to refrain from prosecuting store-owners until the Sunday closing issue is settled by the vote of the people.

Chief Fry stated to-day the enforcement of the Lord's Day Act will be carried out as heretofore. On Sunday next the same regulations as to closing will be in force, but Buller's newsstand will be prohibited from selling newspapers or magazines, or doing other than supply meals and check baggage.

MAN CHARGED WITH ABDUCTION

Investigation in Vancouver; Girl Thought Torontonian

Vancouver, April 21. — Clarence Lloyd, an itinerant musician, was arrested here last night charged with abduction of a young woman who was in his company. Lloyd, who is supposed to be blind, was arrested on the supposition that his companion is the Toronto girl who disappeared from her home some months ago after answering an advertisement for a concert musician. From observation, local police are under the impression that Lloyd has hypnotic influence over the girl. The two came from Eastern Canada and have been working as street musician from town to town. The girl was too nervous last night to be questioned.

Lloyd is being held in custody pending the arrival of an escort from Toronto.

EAST AFRICAN SETTLERS HAVING A HARD FIGHT

London, April 21.—(Canadian Press Cable)—Owing to economic conditions, drought and inaccessibility to their farms, scores of settlers in Nairobi, Kenya Colony, East Africa, are on the verge of bankruptcy, a Reuter cable states. The situation is critical. The Government Economy Committee has recommended immediate relief in the form of remission of purchase price of the farms in cases where the development required on the part of the settlers in the first three years has been carried out.

NICKEL MAY BE USED IN MAKING CANS IN BRITAIN

London, April 21.—Canadian Press Cable)—Experiments of a far-reaching nature are being conducted in the tinplate works at Swansea, with the object of substituting nickel for tin in the coating of tinplate. A company has been formed to deal with the invention which is known as the Steel-Nickel Syndicate. A prominent member of the syndicate is Henry Mond, son of Sir Alfred Mond. Production of rustless plate is sought.

Youth in Custody Set Jail Afire and Perished

New Westminster, April 21.—Arrested while in the act of breaking into a drug store at Langley Prairie last night, John Penman, Murrayville, was burned to death when flames consumed the Langley Jail at Murrayville at five o'clock this morning. Penman is believed to have set fire to the wooden building, over which no watch was kept. The blame was placed on the deceased by a coroner's jury convened at noon to-day.

When arrested Penman is said to have confessed to several other robberies.

Penman, who was nineteen years of age, was the son of a farmer.

MANCHURIANS TAKE POSSESSION OF PEKING CITY

Peking, April 21.—The troops of General Chang Tso Lin, Governor of Manchuria, to-day took possession of Peking and Tientsin, replacing the local police forces of those cities. The transfer of authority was devoid of incident.

DESTROY TERROR OF RUSSIAN FAMINE

U. S. Workers Succeed in All Accessible Districts

Railway Transportation Is the Chief Problem

Washington, April 21.—The American Relief Administration has the Russian famine under control in all the accessible districts, Former Governor Goodrich of Indiana declared to-day after conferring with President Harding and Secretary Hoover upon his recent investigation of conditions in Russia.

Mortality among children has been reduced to normal, he reported, and deaths from acute starvation among adults are rapidly disminishing, while the morals of the people in the famine districts has shown an extraordinary change for the better.

Transportation.

Control of the Russian famine until the next harvest, he asserted, was purely a question of railway transportation, "the degenerated administration and equipment of the railways giving no certainty as to the continued movement of supplies." He declared there were enough supplies on the way to Russia or stored in ports to control the situation until harvest if they could be delivered to the famine regions, but added that congestion at junction points, where as many as fifty trains have been stalled for weeks, threatened through movements from the ports.

Seed.

The former Governor said there was every indication that the seed provided by the American Relief Administration would be sufficient to provide for the next harvest. He spoke in glowing terms of the work of the American staff in the famine districts, and declared the members had organized thousands of committees in the various districts to a high points of efficiency.

QUEENSLAND DOES NOT WANT FORMER IRISH CONSTABLES

London, April 21.—(Canadian Press Cable)—Replying to an inquiry from the British Government as to whether it would be able to absorb any of the former members of the Royal Irish Constabulary, the Queensland Government declined to grant any facilities for the absorption of such in the Government forces, according to a Reuter dispatch from Brisbane.

It is said that Hon. James Dooley, the Labor Premier of New South Wales, who recently resigned following the defeat of the Labor Party at the polls, also refused to accept the British Government's offer of the services of former members of the Constabulary.

SEIZURE IN IRELAND.

Belfast, April 21.—The wireless station at Bunbeg, on the Western Donegal seaboard, has been seized by the "republican" forces, it was announced here to-day. The raiders provided the naval men in charge of the station with transportation to the nearest railroad depot.

MORE AUSTRALIAN RAILWAY LINES

Increase to Promote Immigration Settlement

Free Grants of Land Are Urged

London, April 21.—(Canadian Press Cable) —Sir George Fuller, new Premier of New South Wales, announces that negotiations have been begun with the Federal Government on the question of railway development to promote immigration settlement.

The trend of public criticism in New South Wales and West Australia, both of which states shortly will be engaged in settling their immigrants on their lands, is that the Governments must ease the burden of the settlers' instalment repayments in the early years.

Free Land.

Practical farmers who have been through the mill in West Australia urge that the state should make free grants of land to new settlers.

These comments are reinforced by the protests of Australian ex-soldier settlers in all states against the imposing of financial burdens during the periods in which their fruit farms are coming into bearing. This difficulty is reflected in the representations made by both the State Governments and the Australian Federal Government in connection with borrowing operations in London, in which they urge the need of the home authorities bearing a share of the burden of the interest charges on loans intended to promote land settlement.

OPPOSE LIBERTY OF TRADE IN RUSSIA

Soviet Delegates at Genoa State Attitude

Socialization Idea Still Exists, Says Krassin

Genoa, April 21.—Speaking before the Commission on Economics of the Economic Conference yesterday, Leonid Krassin, Soviet trade expert and one of the Russian delegates to the conference, objected to the idea of restoring liberty of trade in Russia, saying it was neither possible nor desirable. He claimed the right for Russia to restrict both imports and exports in any way she thought fit.

M. Krassin declared Russia had not abandoned the idea of complete socialization of the means of production and exchange, and said Russia was drawing as near as she could to a state of Socialism. The Russians claimed complete monopoly of external trade, which he declared must move through central organizations of the Soviet Government.

M. Krassin told the commission that Russia could not give up control of foreign trade unless she could first regulate internal trade. Even if the economic structures of the defendant countries allowed such procedure, he declared, any interference with the Soviet Government in foreign trade could be feasible only on the following conditions:

1. Economic restoration of all countries.
2. Re-establishment throughout the world of economic equilibrium.
3. Stabiliaztion of exchanges in all countries.

Until these conditions were attained, he emphasized, a proclamation of the principle of liberty in commerce was undesirable, as it would aggravate the conditions in countries where "economy was disorganized, making them a prey of richer countries.

INDIAN FEATURES FOR VICTORIA DAY

U. S. Navy Invited to Send Two Battleships

Public Support Needed to Raise Sufficient Funds

Being assured of a grant of $1,500 and a promise from the City Council, the Victoria Day Celebration Committee will proceed at once to see if the further $1,000 necessary can be raised. Up to an additional $800 the city will give dollar for dollar with the subscribing merchants of the city, but beyond that limit the city will not go, it was stated at the committee meeting last evening. It will take a further $1,000 to make a Victoria Day celebration possible this year. That this sum could be raised if everyone got behind the movement was the feeling of the committee, which met in the City Hall with Alderman Harvey in the chair.

Indian Features.

The committee commenced to draw up plans for the event. Chief Roberts, of the Songhees tribe, reported that no less than eight tribes would be down for the Indian war canoe races, each with two full-sized war canoes. As there are eleven paddlers to a canoe, the Indian events are an assured success. Klootchman, ever popular with the visiting public, will be a feature of the canoe racing here this year, Chief Roberts promised.

The celebration will last two days, commencing on May 23, with school

(Concluded on page 16)

SLIGO RAIDERS DESTROYED PAPERS; SMASHED TYPE

Sligo, Ireland, April 21.—Armed men raided the offices of The Sligo Champion to-day and smashed the type for to-morrow's issue, apparently to prevent publication of the newspaper's report of Sunday's meeting, when Arthur Griffith, President of the Dail Eireann, delivered an address in favor of the Free State treaty.

The raiders tore up 10,000 partly printed copies of the paper, but spared the machinery.

DUBLIN ATTACKERS WERE BEATEN OFF

Forty-Minute Fight at Wellington Barracks

Firing in Streets Has Effect of Curfew

Dublin, April 21.—The attack on the Wellington Barracks which began at 11.15 o'clock last night continued forty minutes, when the besieging forces were beaten off by regular "Irish Republican Army" troops.

An attempt was made to rush the front gate and two grenades were hurled, slightly wounding three of the defenders. The guard replied with a grenade and it is believed two of the attackers were wounded, as they were seen being assisted away by comrades.

The firing in different parts of the city, while it lasted, was even more intense than that of the previous night, the explosions of bombs causing the greatest alarm.

Residential Section.

Wellington Barracks, which is in a thickly populated residential section, was the last barracks here to be evacuated by the British and is now responsible for military action in Dublin, Beggars' Bush Barracks being the general headquarters of the Provisional Government's forces.

The firing about Beggars' Bush Barracks last night was comparatively light, but a fusilade of fifty shots was heard near the Four Courts, recently seized by the independent forces under Rory O'Connor.

The firing of revolvers in various parts of the city at night has grown so general that it has had almost the same effect as a curfew law, peaceloving citizens retiring to their homes at an early hour.

BELFAST DEATH LIST GROWS TO TWELVE

Belfast, April 21.—Firing was again in progress in the Short Strand area of Ballymaccarret, the eastern section of Belfast, early this morning. A sergeant in the special Ulster constabulary was the first casualty of the day. Two deaths in the hospital last night and the death to-day of Andrew McCartney, one of yesterday's wounded, raised the Eastertide toll to twelve.

THREE MEN TARRED AND FEATHERED IN BELFAST

Belfast, April 21.—Three men who were discovered looting in the Falls District yesterday received a severe shock when they were tried and sentenced by "republican police" to be tarred and feathered. The sentence was carried out and the men were marched down the street labelled, "Looters, Beware," and accompanied by a joyous shouting crowd. The arrival of the military ended the looters' ordeal.

RUSSIANS, GERMANS AND TURKS SAID TO PLAN JOINTLY

Genoa, April 21.—Germany and Russia, asserted The Cattilino today, have agreed with the Turkish Nationalist Government at Angora on a common programme of foreign policy. This, it argues, will constitute a grave menace to the other powers, especially the Balkan States.

EXPLOSION FATALLY INJURED SEVERAL

Fifty Hurt in Town Near Los Angeles

Underground Oil Storage Tank Blew Up

Los Angeles, April 21.—Probably fifty people were injured, a number of them fatally, when an oil station at Fourth and Crawford Streets caught fire at Downey to-day and the fire reached the underground storage tanks, causing them to explode with great force, throwing debris many feet.

Downey is a small town about fifteen miles southeast of Los Angeles and its fire and police facilities were so small that it was necessary to call on the sheriff here to take charge of the policing and on city hospitals to take care of the injured. Men and ambulances were sent from the city immediately.

BANKS OF NATIONS ARE TO CONFER

Result of Discussion at Genoa Conference

Sir Robert Horne Returns to London

Genoa, April 21.—Sir Robert Horne the British Chancellor of the Exchequer, left Genoa for London today for the discussion of the British budget before the House of Commons. He promised his fellow conferees here to begin immediately to put into practice the financial principles that have been approved by the Conference.

The French and Italian delegates speaking at a session of the Financial Commission, expressed their thanks to Sir Robert for the able direction he had given to the work of the Commission and for the important decision reached to have the Bank of England call a conference of all the banks of issue, including the United States Federal Reserve Bank.

SOVIET SENDS TROOPS TO BORDER

Correspondent Tells of Concentration Near Poland

Also Says Troops Near Roumanian Line

Riga, April 21.—The Riga Courier to-day publishes a dispatch from its own correspondent to the effect that a Bolshevik proclamation posted in Pskov, Russia, calls for army service all males from eighteen to forty years of age. The dispatch adds that the Reds are concentrating great forces opposite Poland and Roumania; that during one day seventeen loaded troop trains, all the men having fighting equipment, passed the railroad junction of Pskov, bound westward.

The Courier is a Russian language newspaper controlled by Polish interests.

Allied observers here says they have heard nothing of any renewed activity on the Western Russian frontier.

Arrests.

Increased Russian monarchistic activity in states bordering on Russia has led to numerous arrests recently, according to reports from Roumania, Poland and Esthonia.

Secret service men in Bucharest raided Monarchist headquarters in the Roumanian capital and arrested many persons and confiscated maps and documents. The Roumanian police claim they found evidence of a Russian monarchist plot.

HAZELTON AREA TO HAVE SERVICE BY SEAPLANE

Prince Rupert, April 21.—A seaplane service between Hazelton and the Babine Lake region, with "landing" points on a chain of lakes in the region, has been arranged for, according to Lin Bell, who is here from Hazelton on a visit.

Mr. Bell says that a plane is being shipped from the United States, and that the service will be inaugurated in May.

GERMAN-RUSSIAN PACT UNDISTURBED

Germans Barred from Discussion at Genoa

Details of Their Reply to the Allies

Genoa, April 21.—The German reply to the Allied ultimatum accepts the condition that the German delegates be barred from participating in the further discussions of the Russian question by the Genoa Conference, the Russo-German treaty signed at Rapallo being allowed to stand.

Arrangements were made to present the note at noon to-day to Premier Facta of Italy, as President of the conference, and also as the first signer of the protest received by the Germans.

"Painful Surprise."

The German note is longer than that from the Allies, and begins by acknowledging "with painful surprise" the protest received, which is considered undeserved. The note then repeats what Dr. Rathenau, German Foreign Minister, has stated on several occasions—that negotiations for the conclusion of the Russo-German treaty had begun long ago, were known to have been in progress by all the European Governments and had lately been suspended out of deference to the Conference.

But the exclusion of Germany from the negotiations held by the Allies with the Russians at the Villa de Albertis gave to the German delegation the impression that the Allies were trying to conclude arrangements with the Soviet Government without German participation, perhaps to Germany's detriment.

Concluded.

At a certain moment, perhaps through misunderstanding the German delegation received the impression that the Allies were about to conclude an agreement with the Russians, therefore the Russo-German negotiations were resumed and resulted in the signing of the treaty at Rapallo Easter Sunday.

The German delegation believes that this treaty does not violate the spirit of the conference, and indeed contributes to its supreme aim—pacification of the world and the reconstruction of Europe.

Commission.

The note admits that after the conclusion of this treaty the German delegates have no reason to participate in the work of the First Commission, dealing with Russian affairs, but says they will willingly participate in the other work of the same commission dealing with European and German interests.

The delay in delivery of the note was due chiefly to differences of opinion among the Germans themselves as to the best attitude to take, some fearing the repercussion it might have in French quarters, as the French delegates had kept themselves severely aloof during the whole incident. The statement made by Premier Lloyd George of Great Britain before the journalists at the meeting in the royal palace yesterday however, was interpreted to mean that France was in perfect agreement with the other Allies.

If Invited.

The text of the final clause in the German note reads:

"With regard to the further treatment of the Russian question in the Conference, the German delegation also thinks it right that it should take part in the deliberations of the First Commission on questions corresponding to those already settled between Germany and Russia only in case its collaboration be especially asked for."

SOVIET LEGATION MEN ARRESTED BY ESTHONIANS

London, April 21.—Nine members of the Soviet Legation at Reval, including Schreider, chief of the political department, have been arrested there in reprisal for the arrest of twenty-seven Esthonians at Petrograd and Moscow, according to a Reval dispatch to The London Times.

U. S. AMBASSADOR ATTENDS SESSIONS HELD IN GENOA

Genoa, April 21. — An English spokesman for the British delegation to the Economic Conference said today there was no objection to Richard Washburn Child, American Ambassador to Italy, being present at sessions of the Commission on Russian Affairs in order to obtain information for the United States Government.

ECONOMIC PLANS DECLARED NEEDED

European Co-operative Alliance Condemns Politics

Genoa, April 21.—Albert Thomas Director of the International Labor Bureau associated with the League of Nations, has submitted to the Economic Conference a resolution adopted by the international Co-operative Alliance, comprising 25,000,000 families of all countries which declares that the Genoa Conference is proof that politics having failed, the reconstruction of the world can only be reached through economic measures of an international character.

Russia to Defray Debts if Recognized And Accorded Help

Wants Other Powers to Give "Adequate" Financial Assistance; Willing to Restore Property of Foreigners Nationalized in Russia.

Genoa, April 21.—Both the Germans and the Russians to-day submitted their replies to the Allies' demands. The German reply accepts the Allied proposal that the Germans take no further part in the negotiations between the Allies and the Russians, but the reply does not modify the effectiveness of the Russo-German treaty.

The Russian reply accepts the Allied proposal for the payment of Russia's debts due to foreigners and the restoration of foreign property nationalized by Russia, in case the Soviet regime is granted full recognition by the Allied Governments and is given adequate financial assistance.

The effect of the two replies is to continue the German and Russian participation in the work here, and thus to bridge over the crisis which recently threatened to disrupt the conference.

While the Soviet reply apparently accepts practically all the Allied demands, the details of working out the plan and the amounts the Russians may expect in loans to restore their country admittedly present a difficult problem, without any certainty that it can be solved and thus complete the preliminaries necessary for Russian recognition.

The sub-commission of ten members on Russian affairs, Germany now being eliminated, met the Russian delegates this afternoon and informed them that their reply was satisfactory as a basis for discussion.

"Adequate" Help.

Genoa, April 21.—If the Russians are granted recognition de jure and adequate financial help, they state in their reply submitted to the Entente to-day, they are willing to admit Russia's war and pre-war debts, waive their counter-claims and restore the use of nationalized property to its former owners or satisfy the claims of foreigners in cases where the property can not be restored.

The clause of the Russian reply relating to the restoration of nationalized property to foreigners says:

"The Russian Government would be willing to restore to its former owners the use of property nationalized or withheld, or where this is impossible, then to satisfy the just claims of the former owners."

No Compensation.

As justifying their contention that the Allies could not as a matter of right demand compensation for property, the Russians cite the abolition of slavery in the United States, where neither Americans nor foreigners were compensated. They also cite the adoption of prohibition in America as a case where no compensation was given to the producers of alcoholic drinks.

ALL DELEGATES IN HEART OF CITY

Nations' Genoa Representatives Watch Each Other

King of Italy Is to Give a Luncheon

Genoa, April 21.—The Genoa Conference has reached a stage where several of the delegations appear highly distrustful of one another and the delegates now are concentrated in the heart of the city, where they can watch one another closely.

Prominent members of the small delegations which were scattered along the Mediterranean coast from here to Rapallo packed their bags overnight, abandoned their luxurious villas and settled in any small room they could find along Genoa's single main street leading to the conference hall. Here it is possible to see everyone passing toward the English and French headquarters, as well as to the conference sessions in the royal palace and to the audiences to newspapermen in the Casa Della Stampao 'University.

A Master Stroke.

The Germans have been much annoyed by the skillful use the British delegates have made of the press conference, particularly Mr. Lloyd George's master stroke in calling together all the correspondents and announcing that the trouble with Germany would be adjusted. This the German delegates twist into a "breach of confidence," as their reply had not been published at the time.

King Victor Emmanuel of Italy will arrive in Genoa to-morrow to visit the Conference. He will receive the authorities at the prefect's palace and give a luncheon aboard the dreadnought Dante, to which all the delegations have been invited.

Russians.

It is not known whether the Russian delegates have accepted the invitation to the luncheon, which has created a delicate position for them. Italian Communists are urging them to abstain from meeting the king, maintaining this would produce a bad impression among the Italian Communist masses, which concede Communism as anti-monarchial.

NEUTRALS ACT INDEPENDENTLY

Delegates at Genoa Not Compact Group

Statement Made by Marquis Urrutia, Spaniard

Genoa, April 21. — (Associated Press)—The neutral nations are acting independently at the Genoa Conference, not in a bloc as believed in some quarters, declared the Marquis of Villa Urrutia, in outlining the attitude of his country toward the meeting. The Marquis heads the Spanish delegation, the most important of the countries which remained neutral during the world war.

"It is not exact to say that the neutrals form a kind of entente, as some of the newspapers have published," said the former Foreign Minister. "The neutrals have certain common interests, especially financial and economic, which they will foster, as was announced after the meeting they held at Berne, but otherwise each is quite free to follow the policy which best suits her interest."

AN ALBERTA DEATH.

Lethbridge, April 21.—George C Ives, seventy-four, father of Mr. Justice Ives, died at Macleod this morning. He came West from Sherbrooke Que., in 1879, as a Mounted Police recruit, afterwards taking up ranching at Pincher Creek.

JUBILEE HOSPITAL TAG DAY TO-MORROW

Women's Auxiliary to Appeal for Support in Beneficent Work

To-morrow the Women's Auxiliary to the Provincial Royal Jubilee Hospital will take up a street collection in aid of its funds. The work of this organization is so well known to the public that detailed citation of their beneficent work is superfluous. It is sufficient to say that their indefatigable efforts have resulted in the addition to the hospital's equipment of many extra comforts and conveniences designed to assist in the alleviation of suffering, while the linen supplies have long been the special charge of the Auxiliary.

Headquarters for the tag day will be at the Melrose Store, 618 Fort Street, and taggers may obtain boxes this afternoon from 4 until 6 o'clock, or in the morning.

The various stations and conveners are as follows:

Empress Hotel and Causeway, Rev. A. de B. Owen; Post Office, Mrs. Perry, Women's Canadian Club; Broad and Fort Streets, Mrs. Dean; Government and Fort Streets, Miss Norris, Daisy Chain Chapter; Spencer's, Mrs. Hasell, Daughters of Pity; Douglas and Fort Streets, Mrs. Ivel and Mrs. Whitty; Yates and Government Streets, Mrs. Muirhead; Market, View and Broad Streets, Mrs. Burnes, Native Daughters; Yates and Douglas Streets, Mrs. Roberts; Fernwood Road and Gladstone Avenue, Mrs. Rathom; City Hall, Mrs. Seabrook Young; Yates and Blanshard Streets, Mrs. King, Marguerite Chapter; Hudson's Bay, Mrs. Harrison, Primrose Lodge; Times Building, Mrs. Wood.

PRAIRIE RESOURCES.

Ottawa, April 21.—The conference of members of the Federal Cabinet with the Prairie Premiers and members of their Cabinets was continuing at Premier King's office at 12 o'clock to-day. It is expected that at the close of the conferences a statement covering what has been done will be issued by Premier King

BE A BEAUTY EXPERT!

The tricks which Fate plays with the divine right of women to beauty, and the consequent need of counter-measures, have called into being a new profession.

In these days, when the intelligent woman is looking about for a progressive job in a crowded market, any fresh development is welcomed.

In Mayfair a training school for beauty culturists has been established. A six months' course includes such subjects as anatomy, skin diseases, hair dressing and tinting, manicuring, and so on.

Mme. Eleric states that the demand for trained beauty specialists is great.

"I have received hundreds of applications from various establishments all over the country for trained operators, and when my present students leave, after passing an examination which entitles them to a diploma, they will go to fill these posts.

"A skilled culturist can earn anything up to £20 per week, and her work is artistic and founded on scientific principles. The detailed training given to the students should mean the end of those adventuresses who are out to batten on the credulity on the vanity, if you like—of women."—Tit-Bits.

Bank of Montreal to Have City Headquarters at Douglas-Yates Corner

The Bank of Montreal will move its chief Victoria office from Government and View Streets to the southeast corner of Douglas and Yates, and will extend the Merchants' Bank building there to make the largest banking office the bank has in the West with the exception of the main office in Vancouver, it was learned today.

With this information it was stated that the Bank of Montreal since taking over the Merchants' Bank has abandoned its plans of building a large modern banking headquarters on Government Street. Announcement of these plans was made a few months ago and for the building the bank acquired property at the back of its present building.

Now the Government Street plans are to be replaced by a location on the busiest corner of the city, because of the rapid increase in retail business on the part of Douglas Street between the Spencer and the Hudson's Bay department stores.

Make Measurements.

J. Honeyman, architect for the Bank of Montreal, arrived in Victoria to-day, and started work this morning making measurements of the Douglas and Yates building, and also of the McCallum building on Douglas Street at the rear of the bank. The McCallum building passed into the control of the Merchants' Bank some time ago, it was said when that institution was planning to extend its premises.

Extension Southward.

The plans of the Bank of Montreal are understood to be to extend the bank building along Douglas Street over the site of the McCallum building. The architecture of the present bank building would be carried out in that case. This would give a large and heavily pillared structure running for almost half a city block along Douglas Street. The architecture would be such as to conform to the impressive style adopted by the Bank of Montreal at all its chief offices.

LIQUOR CONTROL BILL AT OTTAWA

To Prevent Private Importations Into B. C.

Introduced by Solicitor-General To-day

Ottawa, April 21.—(Canadian Press)—Legislation to assist the provinces in enforcing their temperance laws was introduced at the opening of the House of Commons this afternoon by Hon. D. D. Mackenzie, Solicitor-General. Mr. Mackenzie stated that requests had been made by the provinces for legislation of this character.

Mr. Mackenzie explained that he had not intended going into details at this stage, but added, as an instance of the provisions of the bill, that it would prohibit importation of liquor into British Columbia, except direct to the Provincial Government.

OBITUARY RECORD

The funeral of the late Leonard Maas whose death occurred last Tuesday took place this morning. Relatives and many friends were present and the many beautiful flowers testified to the high esteem in which the late Mr. Maas was held. The cortege left the Sands Funeral Chapel at 9.20 o'clock. Ten minutes later mass was celebrated at St Andrew's Cathedral by Rev. Father Wood and the service was read at the grave side by Rev. Father Bradley. The following gentlemen acted as pallbearers: H. Fisher, J. A. Scott C. W. Geiger, R. Semple, Frank Sehl and L. C. Moseley. Interment was made at Ross Bay Cemetery.

Baby Bettina Mary Deacon, the eight-months-old daughter of Mr and Mrs. David Deacon died this morning at the family residence, 2316 Trent Street. The funeral will be held to-morow from the B. C. Funeral Chapel at 2.30. Rev. G. H. Andrews will officiate.

The remains of the late Mrs. Catherine Berridge were laid to rest in Ross Bay Cemetery yesterday afternoon. Service was conducted in the B. C. Funeral Chapel at 3.45 by the Rev. J. W. Saunby. Many friends attended, including members of the Aged Women's Home Committee. Two hymns were sung, "Hark, Hark, My Soul," and "For All Saints Who From Their Labors Rest." The casket was covered with floral offerings the following pallbearers officiated: W. H. Burkholder, J. E. Thomas, A. F. Harman and W. D. Deville.

The funeral of the late Robert R Collie took place yesterday afternoon from the B. C. Funeral Chapel, where service was conducted by the Rev Dr. Campbell. There was a large attendance, including members of the Masonic Craft, which attended in a body. Numerous floral tributes were sent. Two hymns were sung, "Rock of Ages" and "Nearer, My God, to Thee." At the graveside the Masonic service was conducted by Bro. C. Nickerson, W.M. of Victoria-Columbia Lodge, No. 1 A. F. & A. M. The following acted as pallbearers: W.M Bro. A. McKeown, W. Bro. W. W Northcott, Bro. W. E. Niblock, Bro W. F. Billington, Bro. W. Dey, and Bro. J. McIntosh. Interment was made in the family plot in Ross Bay Cemetery.

FATE IN GLOVES.

There are superstitions as well as buttons attached to gloves.

The girl who puts on her right-hand glove first is doomed to everlasting spinstership; while losing a button within twenty-four hours of purchasing a new pair of gloves is translated into the probability of losing a lover in twenty-four days.

Wearing one glove and carrying the other is said to denote a man of feminine temperament and tastes; and the person who leaves a glove behind in a public vehicle must throw its fellow away, or be for ever under the threat of dire financial loss.—Tit-Bits.

Other People's Views

All communications must bear the name and address of the writer, but not for publication unless the owner wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

THE LORD'S DAY ACT AND ITS ENFORCEMENT.

To the Citizens of Victoria:—

The recent animated discussion of the above subject in the press and elsewhere has disclosed such an amazing lack of knowledge of the Act in question that we are moved to set before you so much of its history and such of its salient features as will, we trust, dispel some of the smoke screen that has been assiduously generated around the whole question.

It will not be denied that every man needs and is entitled to one day's rest in seven. Nor will it be denied that the only way in which the right of each can be secured is through a law that is binding on all. Acting upon these fundamental facts most of the governments of the world have enacted rest-day laws of varying stringency. When the Judicial Committee of the House of Lords gave its decision that under the B. N. A. Act all such legislation was vested in the Parliament of Canada, that body, moved by the desire to protect every man in the enjoyment of his right to a weekly rest day, after prolonged debate in the course of which every interest in Canada was accorded the privilege to present its views and offer its criticisms, a privilege of which many availed themselves, enacted the Act under discussion. It is known as the Lord's Day Act and is found in Revised Statutes of Canada 1906, chapter 153, and it came into force throughout every province and territory of Canada on March 1, 1907.

Throughout Canada the first day of the week, known as Sunday or the Lord's Day, owing to religious conviction, social custom, or colonial legislation prior to 1906, had been generally observed as a rest day. It was therefore the day which a new Act could declare a Dominion-wide day of rest with the least possible dislocation of business.

The chief prohibitory clause of the Act is section 5 which is as follows:

"It shall not be lawful for any person on the Lord's Day, except as provided herein, or in any Provincial Act or law now or hereafter in force to sell or offer for sale or purchase any goods, chattels, or other personal property, or any real estate, or to carry on or transact any business of his ordinary calling, or in connection with such calling, or for gain to do, or employ any other person to do, on that day, any work, business or labor."

The "exceptions" provided for in Section 12, are first grouped under the general phrase, of "works of necessity and mercy" which are further defined in 24 sub-sections. These specifically permit work in connection with divine worship, the relief of sickness and suffering including the sale of drugs, medicines, and surgical appliances at any time of the day, telephone and telegraph service, industrial processes of a continuous nature, care of mines protection of property, conveying of travelers and incidental work, conveying of mails, delivery of milk, operation of street railways, hiring of carriages and boats for one's own or family use, etc., etc., etc. We have enumerated only such of the exceptions permitted as seem more directly to concern our community.

As evidence of the statement above made that the purpose of the Act is to secure to every man his right to a weekly rest day, Section 6 provides that where an employee is obliged to work on the Lord's Day, he must be "allowed during the next six days of each week twenty-four consecutive hours without labor."

Although the Act is in force in every Province of Canada and has been since 1907, the last section requires that before any prosecution for an alleged violation can be commenced the particulars of such violation must be laid before the Attorney-General of the Province, and his permission to prosecute must be obtained. This provision prevents a prosecution from motives of spite, or jealousy, or of a desire to bring the Act into contempt by frivolous action.

It, however, places upon the incumbent of that high office a very grave responsibility. The Act as such is a Dominion Statute, in force in this as in all other Provinces. He is given a large discretion in determining whether any specific charge should be allowed to go to trial, but that discretion does not extend to the suspension of the Act within the Province or any section thereof.

While sympathizing profoundly with those who are carrying heavy burdens and facing financial anxieties in these trying days, who are solicitous of the city's welfare, and who are fearful that a nearer approach to the enforcement of this Act would increase their difficulties and prove detrimental to the city, we are bound to say that we consider that they are needlessly agitated over this matter. In view of their reiterated prophecies of "blue ruin" should this Act be enforced, one might logically expect that its non-enforcement would produce abounding prosperity. Has it? Years of non-enforcement may be challenged for a reply. When we are not advocating a pet theory most of us know that civic and commercial properity depend upon a variety of factors and forces, and some of us think that the freedom which the Act so carefully safeguards is not the least of these factors and forces.

With all deference to the opinions of others and with most anxious desire to forward everything that makes for the betterment of our city, Province and Dominion, we must commend the action of Police Commissioners in the step they have taken to secure a better enforcement of the Lord's Day Act.

NEW OFFICERS OF SOCIETY CHOSEN

Annual Meeting of Anti-Vivisection Society is Held

The first annual meeting of the Humane Education and Anti-Vivisection Society was held last evening, Rev. William Stevenson occupying the chair in the absence of President Paul Borradaile, and the First Vice-President, W. H. Pease.

Preparatory to the yearly report the secretary made some comments and explanations regarding the germ-theory of disease and the reasons why this theory does not receive the support of many persons, including scientists and medical men. "It is regard by many persons as a source of danger to human life and is inseparably connected with the torture of animals," he said.

G. T. Maurice made a short address on his personal experience of inoculations in the South African War, and the Rev. William Stevenson spoke along somewhat similar lines in connection with his experience of tuberculosis.

The election of officers brought the following results:

President (by acclamation)—Alderman Devid Leeming.

Hon. Vice-Presidents—Mrs. Chas. de V. Schofield and T. L. Boyden.

Vice-Presidents—W. B. Pease and Mme. Babo-Vivenot.

Hon. Counsel—S. T. Hankey.

Directors—Rev. William Stevenson, Geoffrey B. Kitto, G. T. Maurice, G. A. Melville, Mrs. H. Knight and Miss Dora Kitto.

The position of hon. secretary, according to the constitution, must be filled at the next meeting of the Board of Directors, from one of their number. This meeting will be held on Thursday evening, April 27, at 401 Union Bank Building. The Women's Committee will also be appointed by the Board.

A man who enjoyed Greek plays asked a friend what he thought of "Iphigenia in Tauris."

"I don't know," was the reply. "I've never had it. Gastritis is the worst that ever happened to me."—Tit-Bits.

Further Effort to Have British Lift Embargo on Cattle

Ottawa, April 21.—W. F. Wilson, one of Canada's delegates to the International Institute of Agriculture, now en route to Europe, has been instructed to stop in London and call upon Hon. P. C. Larkin, the Canadian High Commissioner, with a view to taking up with the British authorities the question of removal of the embargo against Canadian store cattle. Announcement to this effect was made in the House of Commons yesterday afternoon by Hon. W. R. Motherwell, Minister of Agriculture, when estimates for the International Institute of Agriculture were before the House in committee. Mr. Wilson is manager of the Saskatchewan Co-operative Creameries. The other Canadian delegate is Dr. T. A. Charron, Principal of the Dairy School at St. Hyacinthe, Quebec.

By Cable.

Ottawa, April 21.—(Canadian Press)—The thirty-year-old issue of the British embargo on Canadian cattle again found expression in the House yesterday afternoon. Hon. W. R Motherwell, Minister of Agriculture intimated that negotiations with a view to removal of the embargo had been opened with the British authorities. Cable communications were in progress, although their nature he could not at present divulge.

Mr. Motherwell was confident that when the British House voted on the embargo, it would vote wisely. He was hopeful, too, that Canada and the United States would come together and better markets for Canadian cattle would be found South of the line

Criticism.

Right Hon. Arthur Meighen, leader of the Opposition, and Hon. S. F Tolmie, who was Minister of Agriculture in the Meighen administration were both keenly critical of the part played in England by Hon. Manning Doherty, Ontario Minister of Agriculture, in campaigning for the removal of the embargo.

On English soil, he had appealed to the British people to reprimand their Government. Suppose a British Minister did that in Canada sharply queried Mr. Meighen, what would be the effect of it?

Mr. Motherwell did not concur in the references to Hon. Manning Doherty; and R. H. Halbert, voicing the viewpoint of the Ontario Progressives, added the retort that the Conservatives might go on playing politics but the people of Ontario would give Mr. Doherty credit were the embargo removed.

Estimates.

The discussion arose when agriculture estimates were in Committee of Supply, a vote of a million dollars for livestock being more particularly in review. It opened in the early afternoon and late in the evening the vote was allowed to stand over.

Mr. Motherwell expressed the view that grants to exhibitions should be cut down gradually.

"In these days of gilt-edged roads and high-powered cars," he observed, "some exhibitions make all kinds of money and pay high salaries to managers."

Results.

W. C. Good, Progressive, Brant, regretted that the Leader of the Opposition and Dr. Tolmie had dragged the name of Hon. Manning Doherty into the discussion. Mr. Doherty might not have acted "quite according to Hoyle," but Mr. Good was convinced that he had obtained results.

A. J. Lewis, Progressive, Swift Current, said the estimates did not provide a grant for establishing larger markets.

Mr. Motherwell pointed out that at present Canada only supplied 2½ per cent. of the farm produce requirements of Great Britain. This market could be easily developed. It was hoped that within a reasonable time, the British embargo on Canadian cattle would be removed. "We have to live more or less in this world of ours on hope," Mr. Motherwell observed.

Hog Cholera.

J. H. Harris, Conservative, East York, asked the Minister if the Department was following through the serum treatment for hog cholera.

Mr. Motherwell replied that this treatment, though effective in curing infected animals, did not prevent the transmission of the disease. Hog cholera was much less prevalent in Canada than in the United States, where the serum treatment had been adopted.

Consideration of the item was postponed, and the committee took up the item of $275,000 for seed, feed and fertilizer control.

A Resolution.

London, April 21.—(Canadian Press Cable)—The Scottish Trades Union Congress yesterday at Edinburgh passed a resolution instructing its parliamentary committee to take steps to urge the removal of the embargo against importation of Canadian cattle in order to increase the meat supply in Great Britain, reduce the price to the consumer and foster and develop new industries.

DECLARES NATIONS SHOULD DISARM

Thomas, British Labor Leader, Urges Peace

Says Militarism Still Dominates Europe

Rome, April 21. — James Henry Thomas, the British Labor Leader, speaking before the congress of the Amsterdam Internationale here yesterday, declared strongly for disarmament of the nations.

"Disarmament," he said, "is one of the most important steps for the nations of Europe.

"Militarism dominates Europe today; it is one of the consequences of the war. We long for a peace in which there are no vicious states who exploit the conquered. We wish no slavery or reparations. It is horrible to think that while the wealth of states is devoured for military expenses, there are millions of workmen idle and millions of women and children without bread.

"The Russians have pursued under the Red banner an anti-democratic policy. They call us traitors and 'yellow,' but we have sent millions in succor to feed the starving and clothe the naked. We are now even disposed to accept representatives of the Russian proletariat who are not true representatives, but they can not be functionaries appointed by the soviets.

"We are the true and only representatives of the proletariat; we are able to do our entire duty for the working class."

FARMER'S BODY FOUND IN FIELD NEAR HIS HOME

Winnipeg, April 21.—Four human hairs—the sole clue upon which the Provincial Police have been endeavoring to solve the disappearance of Stephen Chura, a young farmer of the Rapid City, Man., district, last November, have led the police to the conclusion of foul play, following discovery of Chura's body in a field near his home Wednesday afternoon. One hair was discovered on a hammer found hidden in Chura's home under a pile of blankets, and the others on clothing belonging to the dead man.

Meagre reports failed to show whether any marks of violence had been found on the body. A post-morten examination and an inquest will be held.

PUNCH BOARDS RULED OUT IN PORT ARTHUR

Port Arthur, Ont., April 21.—Punch boards were declared illegal by Police Magistrate O'Brien, who yesterday fined Charles Christophelus, storekeeper, $5 and costs for operating one. The decision renders hundreds of these games of chances in this city illegal.

$4,000 TAKEN BY HAMILTON THUGS

Hamilton, Ont., April 21.—The paymaster of the Dominion Steel Foundry was knocked down by thugs on Barton Street yesterday afternoon and robbed of $4,000.

NOMINATED.

Portage la Prairie, April 21.—Major F. G. Taylor, M. P. P., Portage la Prairie, recently appointed leader of the Provincial Liberal-Conservative Party, was nominated last night to again carry the standard of his party in this constituency.

TO GROW COTTON.

London, April 21.—The Queensland Government has announced an important scheme, says a Reuter dispatch from Brisbane, for settling 1,500 cotton growers in the Capella district of Central Queensland, where half a million acres of suitable lands are available.

BRITISH OBJECTORS AND CIVIL SERVICE

London, April 21.—(Canadian Press Cable)—The parliamentary committee, which following an inquiry into the case of 230 conscientious objectors in the civil service recommended their retention, further recommends that no objectors be promoted over the heads of other civil servants, and that objectors shall be eliminated first in the event of reduction of staffs.

Conscientious objectors now outside the civil service are barred from admission in future.

TORONTO WAGES.

Toronto, April 21.—By a majority of four to one, union carpenters have decided that the wage rate fixed by the Toronto Builders' Exchange at 80 cents an hour must be increased to 90.

With the exception of the wage clause, the bricklayers' union and employers of the Builders Exchange have settled all differences.

WINNIPEG BONDS.

Winnipeg, April 21.—The four-million dollar issue of Greater Winnipeg Water District bonds was awarded yesterday afternoon to Aemilius Jarvis & Co., who bid 98.56 for 30-year bonds bearing 5 per cent. in United States payment only. The issue will be made to retire a $4,000,000 loan due in New York on July 1.

With Elastic Ribbed Tops

Vancouver Island News

FLOWER SHOW EVENTS ENJOYED

Gathering at Duncan Was Pleasantly Entertained

(Times Correspondence)

Duncan—Judges at the King's Daughters' Flower Show were Mrs. Wallick and Mrs. Leggatt for the table decorations, vases, bowls and baskets; Mrs. Burdett-Burgess for the children's paintings and drawings, and F. B. Pemberton for the collections and the wild flowers.

While the show was held a fortnight too soon for the best daffodils, the late season allowed crocuses, Christmas roses and chionadox (Glory of the Snow) to be shown cheek by jowl with irises, pansies, yellow primroses and other blooms of the later Spring.

Mrs. Townsend's splendid collection of garden flowers deserves special mention, and among her collection of daffodils was one seldom shown here, "the hoop petticoat," a very dainty flower, but very fragile and hard to grow.

Crowning the whole exhibition was Mrs. Leather's professional collection of garden flowers, among which, besides her narcissi, were some rare blooms, including a chionadoxa (Glory of the Snow), about four times the size of the ordinary blooms.

Children's Collections.

Mr. Pemberton considered the children's collections of wild flowers to be very good and carefully named.

Of the paintings and drawings, the judge thought the work in the junior grades to be much superior to that of the senior pupils.

During the afternoon twenty-two little tots of six and seven years of age with floral hoops danced "Sir Roger" to Mrs. Carbery's accompaniment. Mrs. Ruffell, of the teaching staff of the Consolidated School, had coached the little ones. They danced lightly in perfect tune and with a keen enjoyment. Those taking part were Mabel Lansdell, Stowe Lundie, Helen Evans, Clarence Lawless, Eileen Johnson, Takashi Niichi, Telma Churchill, Jack Baker, Dorothy Briggs, Charlie Stroutger, Marjorie Briggs, Will Dobson, Muriel Talbot, Harold Sweny, Lenore Dibbs, James Page, Ethel Hastings, Edmund Potts, Katie Auchinachi and Alex. Grieve.

Evening Programme.

The evening entertainment was unique and very beautiful. It opened with a lovely tableaux, "Spring," arranged by Mrs. Willett. The stage was a fairyland of trees and flowers with an imaginary pool of water. Mrs. M. Wade, as "Spring," reclined beside the pool, and the following children took part: As rabbits were Paul Aldersey, Dickie Christmas, Bertram Kyle; as snow drops were Joan Mann, Doris Hadden, Dorothy Kier, Dorothy Duncan, Connie Lomas. Hugh Wade represented a frog, and Monica Mann, Cicily Neel, Joyce Gooding were daffodils, J. Pollock was a buttercup, Betty Shepherd a primrose, Betty Hickman a thistle, Eileen Dickie an iris, Patricia Carr-Hilton a violet, Lesley Yates a dandelion, Shirley Gooding a butterfly and Pam Keats with her fairy wand wakened the flowers and creatures and "Spring" when awakened sang two charming songs, "The Pipes of Pan Are Calling, and "Down in the Forest." Later Mrs. Wade sang, "A Barque at Midnight." Between pictures Mrs. Shepherd sang, "Love Will Find a Way," "Maid of the Mountain," and "I Know a Lovely Garden," and Mrs. Stuart gave two attractive recitations, "The Mill, and "Dingle Dongle Dell."

Living Pictures.

Living pictures included Miss M. Simpson as "A Normandy Peasant," Miss Annette Williams as "A Shorn Lamb, A. R. Wilson and little Shirley Gooding as "A Chip of the Old Block," and Miss Edna Castley as "Sunshine of the Suds."

"A Bachelor's Revery," arranged by Mrs. Bevan, depicted G. Stevens, the bachelor, meditating on his various sweethearts in clever verse, which had been written by Fleet Surgeon H. F. D. Stephens, R. N. As his thoughts turned to each the pictures of the girl appeared. Miss Annette as the childhood's dream, G. F. Knight in a red wig as the actress one, Mrs. Wade the seductive girl who sang in the choir, Miss M. Waldon the land girl, Miss Trenchard the member of all local societies, and Miss Edie Bevan as the prospective bride. The whole arrangement was very clever.

The last number on the programme was the Minuet, very gracefully danced by little Miss Dolby Bevan and Master Desmond Martin.

Stall holders were: Miss B. M. Hall and Mrs. Craig, children's clothing; Mrs. J. Robinson, with helpers, afternoon tea; Mrs. Wm. Thurn and Miss Marriner, plants; Mrs. Christmas, cooked food. The stall holders, especially of the plants, wished to thank the very generous donors for their gifts. After expenses are paid about $200 will be cleared, which will go to the local hospital.

Winners.

Wining the contests were: K. F. Duncan, M. P. P., the roast of beef donated by C. B. Mans; Mrs. Greig, the roast of pork given by Mr. Fry; Miss S. McKinnon, the box of butter; Miss I. Rudkin, the fancy basket, and Mrs. Wilbraham-Taylor, the cushion.

W. A. Willet acted as chairman, and took the piano part in a trio with the Misses Maude and Anna Kier, violin and 'cello.

The flower shows held by the King's Daughters are an increasing attraction each year, and several gentlemen interested in flowers have discussed with members of the committee plans for making the coming shows of greater magnitude.

A committee of ladies of St. Andrew's Presbyterian Church Guild recently held a sale of cooked food in H. W. Dickie's office on Station Street, and realized $60, which goes into the church fund., Mrs. C. H. Dickie, Mrs. W. Paterson, Mrs. R. B. Anderson and Mrs. W. Murchie were the ladies in charge.

Canning Plant.

(Times Correspondence.)

Sidney, April 20.—The Saanich Canning Company is going in for developing its plant by the installation of a "crushing" machine, which is to crush the clam shells, which will be put on the market as a poultry grit. Operations in this line will commence as soon as the company are through canning clams. Seven hundred sacks of clams were received Wednesday.

THE COUGH WITH THAT TICKLING SENSATION

A little tickling in the throat; now and then a dry, hacking cough; you think it is not bad enough to bother about, but every hack makes a breach in the system, strains the lungs and prepares the way for more serious trouble.

How many people have lost a good night's rest by that nasty, tickling, irritating sensation in the throat? The dry, harsh cough keeps you awake, and when you get up in the morning you feel as if you had had no rest at all.

DR. WOOD'S NORWAY PINE SYRUP

is just the remedy you require to stop that irritating, tickling cough on account of its soothing, healing and expectorant properties.

Mrs. P. Johnson, Port Alberni, B.C., writes:—"I have suffered for years, off and on, with a tickling cough. I could not sleep nights and had to sit up in bed to get relief, in fact, I coughed so I used to vomit. I tried different doctors' prescriptions until I heard of Dr. Wood's Norway Pine Syrup. I tried it and found great relief after I had taken the first bottle and have not been troubled since. I shall always keep it in the house."

Be sure and get "Dr. Wood's" when you ask for it. Price, 35c. and 60c. a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

THE racking, agonizing rheumatic ache is quickly relieved by an application of Sloan's Liniment.

For forty years, folks all over the world have found Sloan's to be the natural enemy of pains and aches.

It penetrates without rubbing.

You can just tell by its healthy, stimulating odor that it is going to do you good.

Keep Sloan's handy for neuralgia, sciatica, lame back, stiff joints, sore muscles, strains and sprains.

At all druggists—35c, 70c, $1.40.

Made in Canada.

Sloan's Liniment Pain's enemy

URGE SURVEY OF EDUCATION

British Columbia Teachers Would Have Changes Suggested

Vancouver, April 21.—An investigation by competent surveyors of the educational system in this Province is recommended in a resolution adopted by the British Columbia Federation of Teachers yesterday afternoon. The resolution, which was passed by the public school principals' section and the senior grade section, suggests that a commission should review every phase of the educational system and recommend any changes it considers necessary.

After considerable discussion of the curriculum, the High School section went on record as favoring a survey of the High Schools in the Province by the Department of Education with the object of providing more facilities for students who do not intend to go into university or normal school.

W. H. Morrow, of Point Grey, was elected president of the High School section, and H. M. Maccorkingdale, of Point Grey, secretary. W. H. Manzer, of Nanaimo, was elected to the executive committee.

CANADIAN NAVY COST $1,791,129 IN ELEVEN MONTHS

Ottawa, April 21.—In the House of commons yesterday afternoon the Minister of Naval Service informed Fernand Rinfret, Liberal, St. James, Montreal, that the cost of the Canadian navy for the eleven months ended February 28, 1922, was $1,791,129.

The number of officers serving on the ships of the navy was thirty-three, and men, 510.

The total number of men employed in the naval service was 1,075, of whom 278 were civil employees.

MONTH OF MARCH LABOR REPORT

Ottawa, April 21.—The employment situation, as indicated by employers making returns to the Labor Department, was unfavorable during March, reductions, largely of a temporary character, having occurred throughout the month. During the corresponding period of last year, the tendency was also downward, but the volume of employment for the month under review was slightly less than in March, 1921.

RHEUMATISM vs. T.R.C.'s

Lumbago, Neuritis, Sciatica

Have you given up? Have you resigned yourself to that old, gnawing pain that nothing seems to relieve? Do you think because you can't go to Hot Springs or take some expensive treatment that you have no other alternative? We have many cases considered hopeless, tried everything, baths, serums, electricity, who found recovery in using T.R.C.'s. (Templeton's Rheumatic Capsules). We have thousands of letters that prove beyond doubt T.R.C.'s to be the most practical and successful Rheumatic remedy sold. At druggists, $1.00 per box. For Free Trial write Templeton, Toronto.

Sold by Bowes, The Owl and Vancouver Drug Stores and the Fernwood Pharmacy.

ADVISING THE ADVISER.

If Dr. Adam Shortt needed much, if not all, of the advice which is being directed at him in regard to his investigation of the financial conditions of this city, not only would he not be an eminent authority on economics but he would be lacking average intelligence. And, of course, he would not be here on his present mission There is something funny in the idea of a patient under medical examination and treatment telling his doctor how he should go about his task, what questions he should ask, what part of the body he should examine and so on. It can be taken for granted that Dr. Shortt will proceed with his inquiry in his own way, and with a view to eliciting such information as he deems necessary to his purpose of prescribing a remedy for Victoria's financial ills. Incidentally it might be worth remembering that this fair city is not exactly unknown territory to Dr. Shortt, who has been here on business and pleasure quite frequently. His investigation of the situation relating to the British Columbia Electric Railway Company and the municipality gave him some acquaintance with general conditions. He also was here, we think during the "boom" years. Enough said.

DOING IT THOROUGHLY.

Some idea of the methods which the United States is employing to combat tuberculosis may be gathered from the report of an experiment conducted at Framingham, Mass. In the general plan to ascertain whether the disease could be banished from a city by massed action were included the introduction of physicians into the factories, the opening of dispensaries, the use of visiting nurses, and the examination of almost every one of the eighteen thousand inhabitants. Among the interesting data and results which this procedure produced were the following:

1. One per cent. of the inhabitants had active tuberculosis.
2. Another 1 per cent. had inactive pulmonary tuberculosis.
3. That the death rate from this disease was reduced from 120 per 100,000 living inhabitants to 80.
4. That before the demonstration started, 13 cases of tuberculosis were reported to the Board of Health each year, whereas now 43 were discovered early each year.

In referring to these statistics in an address delivered before the Arizona Tuberculosis Association Dr. Gerald B. Webb pointed out that it was safe to assume that there are at least two million consumptives in the United States. On a similar basis of reckoning it is not difficult to arrive at the tuberculous population of any city in this country. But the fact remains that until the people who have not suffered with tuberculosis, and have not come into direct association with it, are aroused to their own danger of contraction through woefully inadequate preventive methods it will not be possible to conquer the disease in this or any other country.

Dr. Webb puts it this way:

> I have noted that the people who give most generously to this campaign are those who themselves have suffered directly or indirectly from the disease. It would seem that those who have not suffered should be the most generous in gratitude for having escaped such disaster!

It is the old story. Tuberculosis must be spoken of in hushed whispers. There is even an agitation going on in Kamloops to eliminate the mention of Tranquille and the beneficial climate of the dry belt from the City's publicity propaganda. The idea is ridiculous to a degree. No thought is ever given to the fact that the trained T. B. is an educative factor in himself while the untrained suspect is a public menace. But the latter would never be interfered with in his comings and goings

OUR MINERAL PRODUCTS.

The decrease in the value of British Columbia's mineral production from $35,543,084 in 1920 to $28,066,641 in 1921, is accounted for by the decline in metal prices. For example, last year the lead production of 41,402,288 pounds represented a value of $1,693,354, whereas the production of 39,331,218 in 1920 represented a value of $2,816,115, a difference of $1,225,000. The zinc production of 47,208,372 pounds in 1920 was valued at $3,077,979, while the output of 49,419,372 pounds in 1921 was valued at only $1,952,065.

British Columbia's mineral output averages between seventeen and twenty per cent. of the whole of Canada's mineral production. Ontario is easily first, the output of her mines in 1920 being $68,000,000 against our $35,000,000. In that year Ontario produced $11,665,735 in gold and $10,819,678 in silver. Ontario is so generally regarded as an essentially agricultural province that it is something of a surprise to many people to discover that she leads all the Canadian provinces in mineral production. She also was first in the products of the forest in 1920.

MR. BOWSER'S POSITION.

Why should Mr. Bowser resign the leadership of the Conservative Party before the June Convention? He cannot bolt from his important position because a few malcontents in Kamloops and two or three score of the younger Conservatives in Vancouver have conceived the idea that Conservatism would come back into its own in British Columbia with another leader. He must await the decision of the Convention.

Political interest is very naturally created by the suggestion that Mr. H. H. Stevens would be the logical successor to Mr. Bowser. But the rank and file of the Conservative Party in British Columbia would never permit themselves to be thrown into any sort of trance by the gramophone performances of the Federal member for Vancouver Centre. Nobody begrudges him his ability as an advertiser in spite of the fact that the acoustics of the political stage have assisted him in a number of noisy performances with nothing more than ventriloquial significance. It is even probable that he himself recognizes that Provincial Conservatism will have to work overtime if it is to reverse the trend of public feeling that is so obvious in all the other Provinces of the Dominion.

In any case the June Convention will give its verdict — and we shall predict that the energy and industry which Mr. Bowser has displayed as Leader of the Opposition will be sufficient to smother the discontent that has revealed itself in one or two points in the Province.

A BETTER SPIRIT.

If the Allied powers are willing to grant recognition de jure and provide adequate financial help the Russians will admit their war and pre-war debts, waive their counter-claims and restore the use of nationalized property to its former owners, or satisfy the claims of foreigners in cases where the property cannot be restored. This is the essence of an official communication submitted to the Entente powers by the Soviet delegation and seems to hold a fair amount of promise as a basis of practical negotiation. The only fly in the ointment is the uncertainty of what is meant by "adequate financial help." It is quite obvious that if Russia is to be permitted to get on her feet and contribute her share towards the renovation of European credit she must be provided with funds with which to start her own wheels of industry and commerce. But the Communistic interpretation of what is necessary to insure sensible and practicable international relationships may be so exaggerated as to render the remainder of the offer valueless. Until a detailed idea has been submitted to the Conference the full volume of retraction is subject to this important reservation.

HOSPITAL TAG DAY.

It is hardly necessary to remind the general public of this city how difficult it is to finance the hospitals of British Columbia. Practically every curative institution in the Province conducts its operations in the face of conditions that would stifle any commercial undertaking in a single month. The Jubilee Hospital in Victoria is no exception. It has to depend upon the generosity of the general public from time to time in order that it may provide its patients with the essentials of hospital care. On this account, and because of the obvious reasons why popular support should be levied in the interests of the poor in health, the women's organization upon which the institution depends for the supply of many necessary incidentals will hold a tag day to-morrow. We do not require to bespeak a generous response to the meaningful jingle of the collection box. Victoria will surely live up to its reputation for warm support in all good causes.

NOTE AND COMMENT

Mr. Bowser seems to share the idea which many more people entertain—he fails to see his successor for the leadership of the Conservative Party.

That cattle embargo question is gaining in interest in the Old Land. The Scottish Trades Union Congress has now passed a resolution in favor of its removal. When a few more public bodies have done likewise the average elector will begin to sit up and take notice.

Lady Astor is not going in for sensationalism of the type indulged in by another prominent feminine visitor who has recently returned to her home in Britain. The member for Plymouth prefers hard facts to drawing room ditties.

RAILWAY BILL BEING OPPOSED

B. C. E. R. and Federal Commission; Canada Interested

Montreal, April 21.—A stiff fight in which small municipalities throughout Canada are vitally interested will be put up in Ottawa by the Union of B. C. Municipalities, headed by W. D. Lighthall, K.C., when the private Bill comes up for consideration whereby the British Columbia Electric Railway Company asks to be placed under the jurisdiction of the Board of Railway Commissioners.

It is argued by officers of the Union in Montreal that if this Bill should be passed it would create a precedent whereby any public utility in the city, or possibility little rural utilities supplying street car, water, light and power or telephones to small municipalities or districts might claim to be operated for the whole of Canada and ask to be placed under Federal jurisdiction. Whenever a dispute might arise between the municipality or the residents of their utility company, they would then have to go to the expense of fighting their case in Ottawa before the Federal Government or conduct litigation before the Railway Board, instead of being able, as at present, to present their claims before the Provincial Public Service Commissions.

Circular.

A circular sent out by the Union concludes:

"Any benefits that it may be attempted to show would accrue from the adoption of this Bill are in favor of the company only. The disadvantages and the injustices involved—and there are many—would all fall upon the Provincial Government and the city and district municipalities concerned."

Ottawa, April 21.—The Commons Committee on Railways will consider next Tuesday the Vancouver and Fraser Valley Railway applications.

NEW ASSOCIATE OF ROYAL ACADEMY

London, April 21.—(Canadian Press Cable)—Algernon Talmadge, one of the official artists for the Canadian Government in France in 1918, has been elected an Associate of the Royal Academy of England.

Mr. Talmadge is one of the younger English artists who was sent from this country on a commission from the Canadian Government to paint war scenes in France.

SEEK CANVASSERS

An appeal for canvassers to help circulate the petition of the Anti-Blue Sunday League for a plebiscite on Sunday Closing is issued by the League. Volunteers should telephone 1223 or leave their names at 613 Yates Street.

PATROL CRAFT ON FISHING GROUNDS

Licenses Needed Off West Coast of Island

Port Alberni, April 21.—Increased interest in the industry of fishing off the West Coast of Vancouver Island is being taken now as a result of the passage of an Order-in-Council at Ottawa and the measures following it. Fishery patrol steamers are watching the operations of trollers. According to reports, many Japanese have operated without licenses outside Canadian waters, but from Canadian ports.

The Order.

The Federal Order-in-Council declares:

"Whereas salmon fishing in British Columbia is carried on to a considerable extent beyond territorial waters as well as within such waters, and while the regulations contemplate that no one shall engage in salmon fishing except under license, the Minister of Marine and Fisheries is informed that a movement is on foot in British Columbia for certain fishermen to undertake to fish beyond territorial waters in defiance of the license requirement:

"And whereas the responsible officers of the Department of Marine and Fisheries who deal with the administration of the fisheries, advise that the existing regulation requiring a license may not be adequate to meet such a situation;

"Therefore, the Governor General-in-Council, on the recommendation of the Minister of Marine and Fisheries and under the provisions of section 45 of the Fisheries Act, chapter 8 of the Statutes of 1914, is pleased to order and doth hereby order that the first paragraph of subsection 1 of section 8 of the Special Fishery Regulations for the Province of British Columbia, which were adopted by Order-in-Council of the 9th of February, 1915, be rescinded and that the following be substituted in lieu thereof:

1. No one shall engage in salmon fishing, nor shall any one leave any port or place in Canada to fish for salmon either inside or outside territorial water of Canada, excepting under license from the Minister of Marine and Fisheries."

Licenses.

It is stated that Indians, and even a number of white men, have bought licenses and either sold them to Japanese or worked in partnership with them on the licenses so bought, the Japanese supplying the boats and gear and the others the licenses.

THOMAS GALBRAITH OLD NEWSPAPERMAN, DIED IN VANCOUVER

Toronto, April 21.—Thomas Galbraith, who died yesterday after a long illness, was a veteran newspaperman and for many years was regarded as an outstanding authority in matters of finance and commerce. As a young man, back in the 80's, he went to New York and established a financial paper in Wall Street, said to have been the first daily publication of its kind there. At different times he was financial editor of three Toronto papers, The News, The Globe and The Mail and Empire. He retired from the latter six years ago owing to ill-health.

VERNON IS ASKING TO START IN AT ROWING

At a recent meeting of the Vernon Country Club, some of the members were anxious to add rowing to their activities and a committee has the matter in hand. Pat Bennett who will be remembered by many old Victoria oarsmen, is the prime mover in starting the sport for Vernon residents and he has written to the Vancouver Rowing Club to ascertain if they can spare a couple of four-oared lapstreaks. They propose to row against Kelowna, which already has a flourishing club, the winners to tackle the Coast crews. Prices on new fours are being sent to Vernon, as the local club can not spare any of its equipment, and it is hoped that this new club will get going strongly and offer more competition at the annual regattas on the Coast. For years Nelson had representatives at all the N. P. A. A. O. meets, but since the war they have dropped out owing to the heavy expense of transporting crews and boats. However, they are still very much alive. Last year their crews took part in the Okanagan regatta held at Kelowna, and before long will be back on the Coast again.

CALGARY BALL TEAM HAS PLENTY OF HELP IN TRAINING CAMP

Sacramento, Calif., April 21.—Mobilization for Bill Rogers' Calgary team has started with the training season here and it is apparent that the former pilot of the Sacramento team of the Pacific Coast League will suffer no shortage of rookies. When the training season opened Monday, twenty ambitious ones, some of them unbidden, were in uniform, and there were about forty others on the side lines waiting to show their wares. One street car carried 25 and the arrivals still were flocking into camp when the sun was sinking. Carl Zamloch, former Seal, and Ira Caldwell, formerly with Brooklyn, and numerous others of renown are expected to try out for the season in Canada.

Yakima, April 21.—Frank C. Rogers, of Seattle, defeated Joe Fisher, of Yakima, in four rounds here last night, using lefts to the head and rights to the body with good effect.

SIGHTSEEING FIRMS FEEL SUNDAY ORDER

Are Puzzled How to Comply With Contracts

Worries for the commercial sightseeing concerns of Victoria are piling up thickly in consequence of the action of the Police Commissioners in ordering the strict observance of the Lord's Day Act, whereby the conveyance of tourists is banned.

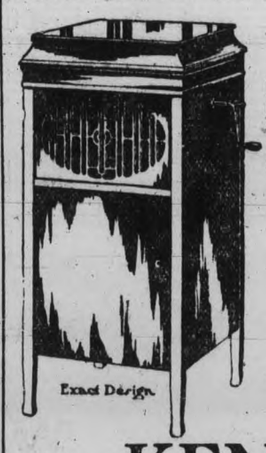

Cameron & Calwell yesterday received a wire from McCann's Tours, New York, asking for accommodation for 150 people on Sunday, June 18, and the firm is in a quandary to know what to do about it. McCann's was responsible for sending a good many large parties to Victoria last year and it is inevitable that the itineraries of many of these parties will bring them to this city on Sundays. There are so many conventions to be held on the Pacific Coast this year in connection with which the delegates are to be routed through Victoria if possible, that the local sight-seeing companies are feeling much alarmed over the effect the ruling of the Police Commissioners will have, not only as affecting the sight-seeing business, but the elimination of Victoria as a place of call in the itineraries of the travel bureaus who have parties coming this way at week-ends.

FARMERS URGE WHEAT BOARD

Ottawa, April 21.—(Canadian Press)—The demand for the reconstitution of the Canada Wheat Board was further emphasized before the House Committee on Agriculture this morning, when the chairman, W. F. Kay Liberal, Missisquoi, read the following telegram from H. Frederickson secretary-treasurer of the Kandahar Sask., Grain Growers' Association:

"We, the members of the Kandahar Grain Growers' Association, demand the re-establishment of the Wheat Board as originally recommended to the Government by the Canadian Council of Agriculture."

St. Columba Ladies' Aid—At the April meeting of the Ladies Aid Society of St. Columba Presbyterian Church, Oak Bay, many plans were perfected for future events. On each alternate Monday after April 10, until further notice, the ladies of the congregation will meet in the Church parlor at 2 p.m., for sewing and an exchange of ideas. Instruction in needlework and knitting will be given and interesting articles on time and labor saving read. Tea will be served. Mrs. Moore, 830 St. Charles Street has offered the use of her home and garden for a silver tea, and sale of home-cooking and needlework, May 17. The next regular meeting of the Society, May 11, will be an educational and social affair. Miss Olive M. Price will read her paper on "A Glimpse of the Timber Resources of British Columbia." A hearty invitation is extended to sister societies.

Capt. and Lady Sybil Lawrence have gone over to Vancouver where they will be guests at Glencoe Lodge for a time

IN WOMAN'S DOMAIN

PUBLIC HEALTH NURSING DISCUSSED

Graduate Nurses' Association Appoint Miss McKenzie Delegate

New Westminster, April 21.—Interesting papers on public health and rural nursing were given at the evening session of the tenth annual convention of the Graduate Nurses' Association which is being held in the Royal Columbian Hospital. Mrs. Eva D. Calhoun, R. N., district superintendent of the greater Vancouver branch of the Victorian Order of Nurses for Canada, gave a comprehensive review of the public health activities in the Province of British Columbia. A paper on "The Public Health Nursing Section" was given by Miss M. A. McLellan, convener of the public health nursing committee. Miss M. Harman, a Burnaby Victorian Order Nurse, read an interesting paper on "Rural Nursing," which showed in detail every branch of the work. "Nutrition" was the subject of a paper given by Miss Esther Kinney, dietitian.

Miss McKenzie Delegate.

Miss Mary Ard McKenzie, director of the public health nursing department of the University of British Columbia, who was present, led the discussion, which followed Mrs. Calhoun's paper, and congratulated the speaker for her splendid paper, and emphasized the importance of public health service.

The delegates appointed to represent the B. C. Association at the national convention of graduate nurses which will be held in Edmonton, Alberta, next June, are Miss Helen Randal, registrar of nurses; Miss E. Breeze, president of the B. C. Graduate Nurses' Association; Miss A. McLellan, Vancouver; Miss K. Scott, superintendent of nurses at the Royal Columbia Hospital, and Miss J. McKenzie, superintendent of the Royal Jubilee Hospital, Victoria.

B. C.'s Peculiar Problems.

In referring to public health in B. C., as a branch of nursing service which includes all phases of work concerned with family and community welfare with bedside nursing as a fundamental principle, Mrs. Calhoun, said that British Columbia owing to its geographical formation had many problems peculiar to itself. In the early days public health nursing was carried on principally in the cities by the V. O. N. Later came the nursing services provided by the school board and the city health departments, but rural British Columbia, then as now, had urgent need for public health nurses. In certain districts the V. O. N. stepped in. Cottage hospitals being established under the Lady Minto Fund. The majority of these have now been taken over by the municipalities.

University's Part.

Following a reference to the organization of training for nurses and the setting of a university standard, the speaker made a special reference to the work of the B. C. University, and to Miss Mary Ard McKenzie's services as director of public health nursing there.

"The first public health course at the university," she said, "was opened in November, 1920, and was four months in duration. This was later extended to cover the full academic year.

Field Work.

"The Victorian Order, recognizing that the university is the logical body to provide the theoretical training, has discontinued its post-graduate course, but is co-operating with the various universities throughout Canada by giving the post-graduate students their field work in the bed-side care of patients in the homes, where conditions are vastly different to those found in hospitals, special emphasis being laid upon the pro-natal, post-natal and child welfare departments.

"As each university class graduates, the possibilities for the extension of the public health work in the province are increased.

"With this progressive, forward-looking movement, the demand for leaders to fill executive and administrative posts has also been increased.

"The provincial board of health is opening up certain rural districts and now have public health nurses established at Duncan, Keremeos, Vernon, Vanderhoof and Kelowna, while plans are under way for further developments."

Mrs. Calhoun concluded by referring to the peace time programme of the Red Cross Society, and the Women's Institute throughout British Columbia who have as their aims and objects to improve conditions of rural life so that settlement may be permanent and prosperous in the farming communities.

CATHOLIC WOMEN'S LEAGUE HELD ITS ANNUAL MEETING

At the first annual meeting of the Catholic Woman's League held in the K. of C. Hall on Wednesday evening, the following were elected officers for the ensuing year:

President, Mrs. E. H. Fletcher; 1st vice-president, Mrs. Douglas Hallam; 2nd vice-president, Mrs. A. Lineham; 3rd vice-president, Mrs. J. D. Carlin; corresponding secretary Mrs. Ebbs-Canavan; recording secretary, Mrs. W. McManus; treasurer Miss M. Stewart; councillors, Mrs. A. Oates, Mrs. W. H. Sweeney, Mrs. M. Briggs, Mrs. W. Baines, Mrs. Sabin and Miss O'Brien.

The activities of this organization during the year consisted of a garden party, held in the grounds of Mrs. Carlin's home on Collinson Street; a Christmas pound party, to supply hampers to be distributed among the poor of the parish; and the Christmas tree for 250 children of the Catholic parish was a most successful affair.

A sewing circle to help the Ladies Aid has been established and a visiting committee to meet strangers has been selected as well as an immigration committee to act in connection with the Dominion organization.

The programme for the coming year will be of an educational nature.

LADY BARNARD HEAD OF BALL COMMITTEE

Municipal Chapter I. O. D. E. Plans for Scots Guards Band Visit

Mrs. David Miller was appointed the delegate to the annual meeting of the Provincial Chapter at New Westminster at the special meeting of the Municipal Chapter, I.O.D.E. held at the headquarters yesterday afternoon. Considerable time was spent in discussing the resolutions on the Provincial agenda, the delegate being duly instructed as to voting.

Plans were also made in connection with the two days' visit of the Band of H. M. Scots Guards which will be in the city next month. The concerts will be held in the Arena and the two days' visit will conclude with a grand ball at the Armories. Lady Barnard has consented to be the convener of the committee in charge of the ball arrangements, while the general committee for the concert arrangements will include a representative from each primary Chapter

Miss Cooke announced that there would be a meeting of the educational secretaries at the headquarters on Wednesday afternoon next at 3.30 Mrs. Barnacle appealed to all Echoes secretaries to send in their reports without delay.

Says Women Should Join In League of Nations

Lady Astor Believes Great Britain and U. S. A. Should Have Largest Navies.

New York, April 21.—In honor of Lady Astor, who described herself as a sort of connecting link between the English-speaking peoples, more than 850 men and women, scores of them leaders in sundry fields of labor, attended a dinner under the auspices of the English-Speaking Union last night.

Lady Astor put in a good word for the accomplishments of the League of Nations, which she thought enough to make every woman want to join it in some form or other.

"It is all very well to hear people talk of European entanglements, but the world is already tangled and we have to think of a plan to disentangle ourselves," she said. "No one could think that English fathers and mothers, with nearly 800,000 sons who will never return, would want to join in a league which entangled them or anyone else in war. The English know enough about wars never to want to fight or to see anyone else have to fight.

"These mothers and fathers think, as I feel sure the fathers and mothers of America do, that the safest way to get out of wars is to join some sort of association of nations for peace. The Washington Conference showed us what can happen when great countries with great ideals get together. That misrepresented and much despised League of Nations has already prevented three small wars. It has registered over one hundred treaties. It has repatriated nearly 400,000 prisoners. That is not a bad record for only half a league."

Lady Astor said that if the United States draws back with horror when she looks at Europe, she does not blame her, for certainly Europe is "a sad enough sight."

But she did not believe that standing back was the right way to help or that any part of the world could truly go forward while another part suffered desperately.

Lady Astor believed Great Britain and the United States should have the largest navies, "because they will certainly use them more as protection than as fighting forces."

Social & Personal

Mr. Jack McDonald and Mr. Hugh Devereux left on Wednesday for Port Angeles.

o o o

Mr. Morley Le Page, manager of Robison & Company, Winnipeg, is in the city for a short holiday.

o o o

Mrs. Ballantine, who has been spending a few weeks at Cordova Bay, is leaving to-day for her home at Cortez Island.

o o o

Among those present were Mr. and Mrs. D'Arcy Martin, Colonel and Mrs. Codville, Dr. and Mrs. Hunter, Major and Mrs. Cockburn, Captain and Mrs. Carvosso, Mrs. Archer Martin, Mr. and Mrs. J. W. Corning, Mr. and Mrs. A. R. Green, Mr. and Mrs. Watson, of Calgary, Mr. and Mrs. C. E. Thomas, Miss Peggy McBride, Miss Mabel Eberts, Miss Innes Bodwell, Miss Doris McCarter, Major Hughes, Captain Weeks, Mr. Black, Captain Woods, Captain Bradbrooke, Captain Campbell, Mr. Carew Martin, Mr. Kenneth Raymur and Mr. R. H. Ker.

o o o

Mrs. Robert Macdonald, of Victoria, with Mr. and Mrs. O. M. Jones of New Zealand, are visiting Mr. and Mrs. Kingsley Bramwell, Kitsilano Vancouver.

o o o

Mrs. J. Stilwell Clute, of New Westminster, is entertaining at the Jericho Country Club this week in honor of the Misses Norma and Helen Macdonald, of Victoria, who are the guests of Mrs. David Whiteside.

o o o

Mrs. Ozard, of Albany Road, and Mrs. Walker were joint hostesses at a most delightful tea yesterday afternoon given in honor of Mrs. Spence, who is leaving shortly for Montreal, and Mrs. Beal, who is soon returning to India. In the reception rooms lilies and daffodils were artistically arranged and on the tea table was a large basket filled with the same flowers. Among those present were Mrs. Scowcroft, Miss W. Scowcroft, Mrs. Gillies, Mrs. Cotter, Mrs. Hayward, Mrs. C. W. Bradshaw, Miss McLaren, Miss Kathryn Bradshaw, Mrs. Kinney, Mrs. Wilkerson, Mrs. C. P. Walker, Mrs. P. G. Walker, Mrs. H. Norris, Mrs. Pendray, Miss Ellery, Mrs. Paterson, Mrs. Lazenby, Miss Howell, Mrs. Crawshaw, Mrs. Moore, of Winnipeg, Mrs. Hicks and Mrs. Sinclair.

o o o

Mrs. Emma Skelland was hostess Wednesday evening at her home, 920 Yates Street, at a military five hundred and dance given by the members of Victoria Review, W. B. A., of which Mrs. Skelland is an active member. The spacious rooms were artistically draped with the colors of the order. About one hundred were in attendance. Mrs. Agnes Coleman capably directed the card games. Dainty refreshments were served at the conclusion of the drive. The prize winners were: First, Mrs. Humphrey, Mrs. Hughes, Mr. Sage and Mr. Wildock; second, Mrs. Jacklin, Mrs. Wharf, Mrs. Bayliss and Mrs. Muckle. Mrs. W. Edmonds sang "The Kerry Dance," which was highly appreciated, and as an encore, "Wake Up." Mr. J. Moffat was the pianist for the evening. Mrs. Lillian P. Hodgson, provincial commander of the order, was among the guests, and the enjoyable evening came to a close about midnight.

o o o

Mrs. R. Cheshyre Janion, of Vancouver, entertained at a bridge-tea party yesterday afternoon in honor of her house-guest, Mrs. R. Marpole of Victoria. The tea table, arranged with rose-colored sweet peas, was presided over by the hostess. The bridge players included Mrs. Robert Mackenzie, Mrs. H. A. Langford, Mrs Taylor Wood, Mrs. F. W. Peters, Mrs Jack Wood, Mrs. Douglas Armour Mrs. J. B. Johnson, Mrs. Mason Rooke Mrs. H. S. Sherwood, Mrs. H. St. J. Montizambert, Mrs Watkin Boultbee Mrs. E. Beetham, Mrs. H. E. Carry Mrs. Wroughton, Mrs. Norman Lang Mrs. Page Powell, Mrs. Leslie Wright Mrs. James B. Noble, Mrs. Robinson Mrs. A. K. Robertson, Mrs. Charles Duncan McDonnell, Mrs. Smillie, Mrs Wilfred Stoess and others.

SHRINERS' FROLIC AT ARMORIES

Heavy Demand for Tickets Necessitates Ample Accommodation

So great a demand for admission to the annual "Frolic" of Gizeh Temple Shrine Band has been made, that it has been necessary for the committee to secure the use of the New Armory Building on Bay Street instead of the Alexandra ball-room as originally intended.

The "Frolic" will be held on Thursday next, April 27, and it is promised will eclipse that held last year.

Invitations may be obtained from any member of Gizeh Temple Shrine Band, under whose auspices the "Frolic" is to be held.

PARSEE TO ADDRESS WOMEN'S CLUB

B. P. Wadia, Indian Labor Leader, at Women's Canadian Club, Tuesday

Bahman Pestonji Wadia, founder of the Indian Labor movement and a distinguished philosopher and lecturer, will give an address on "India's Place in the British Empire" before the Women's Canadian Club on Tuesday afternoon at 3.15 at the Empress Hotel. Confident that there are many outside the Club membership who would welcome the opportunity of hearing this outstanding speaker, the executive has decided to make the meeting an open one, members to enter on the usual conditions, while the general public will be charged a small admission fee.

A Parsee by birth, Mr. Wadia is returning to India from the International Labor Conference held in Genoa last October. He is one of the outstanding figures in British India at the present time, representing, as he does, constitutional political methods and Indian nationalism.

He is the founder of the Indian labor movement, and took an active part in the negotiations between the various Indian commissions and the British government which resulted in the Montagu-Chelmsford reform in India, and is president of the Madras labor union, comprising 50,000 workers.

In conjunction with the British parliamentary committee on Indian labor conditions he was a powerful factor in affecting sweeping reforms in factory laws and working conditions. In 1919 he was appointed technical advisor to the Indian delegation at the International Labor conference by the British government.

Mrs. Gertrude Hollinrake Brick will contribute a group of songs at Tuesday's meeting.

The WEATHER

Colwood Women's Institute.—The Colwood and Luxton Women's Institute held the second of their regular entertainments on Tuesday evening in the Colwood Hall. The early part of the evening was taken up with a very enjoyable exhibition of views taken across Canada and in London. The lecturer, Mr. Bryant, showed himself thoroughly conversant with his subject, and the views and his explanations of them were greatly enjoyed by those present. The ladies of the Institute wish to take this opportunity of expressing their great appreciation of the kindness of Mr. Bryant and his assistant in coming to Colwood and giving them such a generous entertainment. Following the lecture supper was served and dancing was indulged in until 1.30 a. m. The annual bulb show of the Institute will be held in the lecture room of the Happy Valley Mission Hall on the afternoon of Wednesday, April 26. The judge for this event will be supplied by the Department of Agriculture.

ROYAL YEAST CAKES

Canadian Made

A fresh, rosy complexion indicates perfect health. To secure this in most cases all that is necessary is to take one to three Royal Yeast Cakes a day for a few weeks.

Royal Yeast is a food. It supplies the water soluble vitamine which the diet may lack. Scientists tell us that this vitamine is essential to good health. Royal Yeast is highly beneficial in many cases in which the system seems to be run down. The yeast cakes simply add to the diet. It is a food - not a medicine.

Dissolve a Royal Yeast Cake in fruit juices or mix it with cereal and milk, and take it at meal time. The chances are in a few weeks the complexion will be clear. For children reduce the amount to one- half or one-quarter of a cake with each meal.

Send name and address for free booklet "Royal Yeast Cakes for Better Health."

CHAUFFEUR SEEKS DIVORCE; FAMOUS PRIMA DONNA WIFE

Madame Matzenauer Described as "An Orchid," Husband "Wild Mustard"

San Francisco, April 20.—A divorce complaint alleging that she caused him "grevious mental suffering" was filed against Madame Margaret Matzenauer, opera prima donna, here today by Floyd Glotzbach, Del Monte, Calif., chauffeur. The couple separated a few months ago, Glotzbach urging that the madame was an orchid and that he was a wild mustard, and that the two could not make a proper marital bouquet. Glotzbach through his attorney, said he did not intend to answer the madame's divorce suit in New York charging infidelity except through securing of depositions in Del Monte intended to refute charges that he was false to the marriage vows. No co-respondent is named in the New York action, it was stated, and therefore no cross complaint would be filed.

Instead, the chauffeur will concentrate virtually all of his attention on the San Francisco action. To-day's complaint states that the wedding blossoms had hardly faded before his troubles began. From the husky job of jacking up limousines and tuning up motors, he was called to button the Madame up the back and lace her shoes, he avers, and the task were not to his liking.

He stood it for the first two weeks and then suggested calling in a maid at the hotel in which they were staying, the complaint said. A quarrel ensued.

There was another passage in Holland, where he was accused of receiving mail secretly. He explained that no one knew his address in Holland and that therefore he could not receive mail secretly.

On one occasion at an European resort, Glotzbach, according to the complaint, wanted to take a little walk and the mere suggestion caused the Madame to tear off her wedding and engagement rings and fly into a terrible rage. She threw the rings in his face, the document continues and then tore up a photograph she had given him and stamped on it.

Regarding their separation, Glotzbach walked out of the house on his own account and was not ordered out by the Madame as was generally reported, according to the complaint

ATTRACTIVE MUSIC FOR NURSES' DANCE

"Canadian Capers," "The Sheik," and other popular and up-to-date dance numbers will be included in the programme of music which has been arranged by Professor Heaton and his orchestra for the semi-annual dance of the Alumnae Association of St. Joseph's Hospital, which is to be held this evening at the Alexandra ballroom.

The many successful dances staged under these auspices in the past have won for the nurses an enviable reputation as hostesses and the arrangements for to-night's function indicate that the affair will be fully up to the standard of entertainment maintained by the nurses.

EASY TO DARKEN YOUR GRAY HAIR

You Can Bring Back Color and Lustre With Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is mussy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger.

THE LOVE PETAL

Another Big, Gripping Story by the Authoress of "A Gamble In Beauty," Which Recently Created Such a Sensation

By NANCIBELLE HALE

In a few minutes they went up Centre Street until they came to the Tombs.

"How gray and dreary it is!" shuddered Neata.

The next building was the Criminal Courts Building, in which were the Courts of Special and General Sessions and the offices of the District Attorney. There they were directed to take the elevator to the second floor.

As they alighted and were hesitating to go further they heard two men discussing Colin. They listened not realizing that they were eavesdroppers.

"Colin Campbell has begun his argument for the defendant—Jove! he can talk," they heard one man say and the other respond:

"It is an interesting case, but I am surprised he would waste so much of his valuable time. He'll probably not make a dollar—the woman is poor as a church mouse, and it's just a felonious assault case."

"He doesn't need money and he is one of the few people who truly love their work," defended the first speaker.

"I—I beg your pardon," interrupted Neata. "I overheard you say that Mr. Campbell is now arguing a case. Will you kindly tell us where he is appearing—that is, if we will be allowed to listen?"

"Surely!" answered Colin's champion, graciously. "Right in this room. Just go in and sit down near the back of the room, so that you won't create any disturbance."

Mrs. Ribesdale and Neata slipped quietly into a rear seat in the vast chamber, across the front of which stretched the bench on which sat the judge, clothed in his black satin robes.

The defendant—a large muscular woman, with a worn, sad face—sat behind Colin, who was now on his feet, addressing the judge and jury. His superb head stood out with cameo distinctness against the light from the window in the front of the room.

He was defending his client against a charge of assaulting her husband. The charge, in itself, she had admitted, but she claimed she had been justified. She was not sorry for her act—she sought vindication in the eyes of the law.

Colin never raised his voice as he pleaded her cause. His low, steady musical tones brought home with telling effect every point he wished to emphasize to the jury. He had taken upon himself a difficult task and he loved the feeling that it was a good fight—with the odds against him. Men usually stick together. Now he was asking them to make an exception in the conduct of their code of honor and to place the stamp of their approval on this woman who had injured one of their kind.

It was not the case of a young and pretty girl who could by the drooping of an eyelid sway a jury and by her smile reward them for their verdict proclaiming her innocence.

This defendant was past middle age, unattractive and unappealing.

"The trouble in this case," said Colin, addressing the jury, "arose over this defendant's demand to exercise her right to be herself. Not one of you gentlemen would deny the existence of your own personality if a woman so ordered. Should there, then be any different, reaction simply because the case is reversed?

"My client refused to sink her individuality into that of her husband . . . and trouble followed. No man has a right to demand that his wife be his mental and physical slave. It would be impossible to respect a woman who would allow her husband to rule her—body and mind and soul. This man attempted to mould the will of his wife and finding it too much a task to bend her will he did his best to break it, with the result that she grew to despise his attacks and finally to resent them with weapons more deadly than words.

"I do not plead that she deported herself properly by striking her husband . . . but I claim that her act was, if not justified, at least excusable.

"Put yourselves in her position gentlemen of the jury. Her husband wished to rob her of her power to think for herself—the most precious faculty in our possession. Would you sacrifice thought for any other gift under heaven? If you did, what use would it be to you? Without thought the power of appreciation would be lost and therefore the substitute gift would prove valueless.

"That was the plan of the man—to steal away from his wife the proprietorship of her own mind and soul. By a fine system of insults and narrow-minded ravings he attempted to accomplish his purpose. Is it any wonder that she resented his scheme and, harassed beyond her power of endurance, caused him physical suffering to alleviate her mental pain?

"Gentlemen of the jury, I ask you to bring in a verdict of 'not guilty.'"

Colin sat down, amid a slight stir of spectators who became quickly subdued, however, at the rap of the judge's gavel. The charge to the jury required only a few minutes and the men did not remain in the jury-room long before reporting that they had reached a verdict.

The foreman was solemn as he answered the court's question and announced that the verdict made of the client a free woman. As he turned away, however, he gave Colin a broad grin and, going to him, eagerly shook his hand.

"That was a grand speech . . . but I'm glad my wife wasn't here," was his tribute.

Court was adjourned and the Judge left the bench, after which the audience began slowly filing out of the room.

(To be Continued.)

SAYS OWNERS OF NEWSPAPERS SHOULD REGISTER

Ottawa, April 21.—A bill introduced by S. W. Jacobs, Liberal, George Etienne Cartier, in the House provides that "every proprietor of any newspaper who fails to register in the office of the Secretary of State for Canada a declaration as to the ownership of such newspaper is guilty of an indictable offence and liable to two years' imprisonment or a fine of $1,000, or to both.

"TIZ" FOR ACHING, SORE, TIRED FEET

Just take your shoes off and then put those weary, shoe-crinkled, aching, burning, corn-pestered, bunion-tortured feet of yours in a "TIZ" bath. Your toes will wriggle with joy; they'll look up at you and almost talk and then

they'll take another dive in that "TIZ" bath.

When your feet feel like lumps of lead—all tired out—just try "TIZ." It's grand—it's glorious. Your feet will dance with joy; also you will find all pain gone from corns, callouses and bunions.

"There's nothing like "TIZ." It's the only remedy that draws out all the poisonous exudations which puff up your feet and cause foot torture.

A few cents buy a box of "TIZ" at any drug or department store—don't wait. Ah! how glad your feet get; how comfortable your shoes feel.

(Advt.)

FOR CHILDREN

THE SANDMAN STORY FOR TO-NIGHT

THE ROYAL BLUEBOTTLES.

One very warm summer day the Fairy Queen could not go to sleep. She must have her nap to be able to do her work that night, for there was much to be done. So she called her fairies and told them to go out through the woods and get the flies that made the sleepy buzzing sound around the flowers and shrubs and bring them to her castle.

Away went the fairies and with bridles made from strands of cobwebs they caught the drowsy flies as they buzzed about and brought them back to the castle of the queen.

There they were all put in a room next to the Queen's, and because they were prisoners they buzzed louder than ever until the Queen was lulled to sleep.

The Queen was so pleased because she had her nap that she decided that when the cold days came she would give all the flies a home and care for

them through the long, cold Winter.

So instead of growing cold and stupid when the Summer was over, the flies were carried to the Fairy Queen and made so comfortable that when it was Summer again and they went back to the bushes and flowers they all were big, plump-looking creatures much larger than the new flies, and the Queen named them Bluebottles.

Every warm day in the Summer the Bluebottles buzz and buzz, for they know they are the chosen singers for the Fairy Queen when she cannot sleep and they know, too, that they will be cared for in the Queen's palace when the cold days come, and that is the reason they buzz so loudly, for they are proud of being favorites of the Queen.

But besides that the little fairies ride about on their backs when they are out in the daytime, for if the Queen cannot sleep she sends for her sleep singers and when you see a number of big Bluebottles flying about and making what you think is a great, loud noise you may be certain that the Fairy Queen is not far away and that on the back of each Bluebottle is a little fairy riding about while the big fly sings the Queen to sleep.

Of course all the flies would like to be as large as the Bluebottle and be among those that are favored by the Fairy Queen, but the Bluebottles are jealous of their royal privilege and will never let other flies get near the Fairy Queen.

And that is the reason that when a big Bluebottle comes along, all the small flies get out of the way, for the Bluebottles always drive them away by making an angry noise that sends the little flies scurrying to a hiding place where they watch with envy the big Bluebottles with a fairy on each back as they buzz: "Make way for the royal Bluebottle, the chosen of the Fairy Queen."

Listen some warm Summer day and see if you cannot hear them saying this, and if one happens to get into the house you may be sure he has lost his way and is flying frantically about trying to escape to return to the fairies for their afternoon ride.

HOTEL ARRIVALS

Mr. J. H. Newman, of Montreal, is registered at the Empress Hotel.

◇ ◇ ◇

Beecham's Pills Keep you fit

Nervous Breakdown

The extreme depression and discouragement which comes over one at times is the most alarming symptom of nervous exhaustion.

This letter is a message of hope to all who find themselves in this unfortunate condition.

Mrs. Geo. T. Tingley, Albert, N.B., writes:—

"For years I was in a very nervous, run-down condition, was much depressed in spirits and suffered a great deal at times. The least noise would irritate me and at times I felt as though I certainly would go crazy. I consulted different doctors to no effect.

"A friend advised the use of Dr. Chase's Nerve Food and I can truly testify today to the great benefits received. There was a marked change before I had finished the second box and when I had used a dozen boxes my nerves were thoroughly restored and I was entirely relieved of those terrible feelings I used to have. I shall ever be ready to testify to the benefits of this wonderful medicine, feeling sure that it will give to others the quick and permanent relief it has given me."

Dr. Chase's Nerve Food, 50c a box, all dealers, or Edmanson, Bates & Co., Ltd., Toronto.

COLLEEN TAKES UP DANCING

It takes these Irish girls to become Italian dancers! Anyhow, that's what Colleen Moore tells you. Miss Moore is studying classic dancing with Theodore Kosloff. Not that she intends to join the ballet; she is doing it merely in preparation for her role of a dancer in Rupert Hughes's "The Bitterness of Sweets," which Goldwyn is producing.

"I can stand on my toes," declared Miss Moore yesterday, "and I've learned all kinds of poses—$1 poses, $40 poses, and, oh, everything down to 10-cent poses."

EMPRESS LINER LEFT LAST NIGHT FOR ORIENT PORTS

Five Hundred Passengers Carried by Outbound Ship

Carrying 125 saloon, 60 second cabin, 30 third cabin passengers and over 300 Asiatics in the steerage accommodation, the Canadian Pacific liner Empress of Asia, Capt. L. D. Douglas, R.N.R., cleared from the Rithet docks about 8 o'clock last night for Yokohama, Manila and Hongkong.

Among the outbound passengers was C. A. Calkins, an extensive shipper of British Columbia products to the Orient. During the past year Mr. Calkins has handled about two-thirds of the salted herring shipped to the Orient and has also dealt extensively in lumber. Douglas fir is now demanded in Chinese Government contracts and the increase in the trade is apparent when it is known that last year 40,000,000 feet of lumber was shipped from Vancouver and Victoria for China, as compared with the average total cargoes of 5,000,000 feet during several years preceding.

Other passengers were: Rev. and Mrs. F. Ainsworth, Toronto; Rev. and Mrs. C. R. Carscallen, Toronto; Mrs. E. Godefroy and Master Hugh Godefroy, Toronto; Dr. and Mrs. A. W. Lindsay, Miss E. Tufts, Mrs. E. W. Wallace, J. Cuthbertson and Capt. (Miss) G. Otway, of Toronto; Miss A. Bertha Houger, Comrey Alta; Sir Wilfred Peek, of Ransdown England; Baron Nakashima, Tokyo; N. B. Bach, of Lenwig, Denmark; Herr H. Kuhrb, of Rostock, Germany bound for China on a commercial mission; W. Reist, of Grinrenwald Switzerland; E. S. Mohler, Seattle; Max Enos, publicity director for the Canadian Pacific Railway in the United States; Adolph Hassek, of Harbin, manager of the International Sleeping Car Company in the Far East.

The Empress liner carried a capacity cargo for Japan and China.

GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia To Overcome Trouble, Caused By Fermenting Food and Acid Indigestion.

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bisurated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and bloat right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Bisurated Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion. (Advt.)

SIMALOER GETS AWAY FOR ORIENT

Action of Filipino Steward Caused Delay to Freighter at Vancouver

Crew troubles delayed the Java-Pacific freighter Simaloer at Vancouver, but the ship finally got away from the mainland last night and put to sea from this port at 7.30 o'clock this morning, bound for the Orient.

Manuel, Filipino comprador-steward, and secretary of a labor union at Manila, appeared to be the chief cause of the trouble. Here is the Vancouver interpretation of the incident:

"It appears that Manuel undertook to feed the crew for $600 a month. They dined well on canned goods, fresh eggs, fresh meat and other food. The ship was two months and three days on the voyage and Manuel has drawn $1,800. In addition a big lot of stores arrived on Wednesday from shore shops, at the order of Manuel.

Captain Vanderhorst thought it was high time he called a halt. He refused to pay. Meantime the crew, having heard that Manuel planned to leave the ship here, and fearing they would be taken to sea without food, raised objections and demanded assurances of "grub." They refused to sail until satisfied. The ship was posted to get away Wednesday evening.

The American consul-general and the consul of the Netherlands were consulted.

Her Filipino-Malay crew is a new one, taken on because of the recent Chinese strike. Always hitherto, the vessels of the fleet carried Chinese crews. When the Simaloer arrived at Hongkong on her last voyage there last Winter the strike was on, though neither officers nor crew knew it. Word was received just before the ship reached here. The crew declared its united and unalterable intention to refuse to strike. They hid on the ship. But a Chinaman came aboard when the vessel berthed and discovered them. He whispered of the things that would happen to their families, their ancestors' graves, and themselves. Silently, one by one, the crew vanished over the side and disappeared. The officers discharged the cargo and took the Simaloer to Manila, where the present crew of turbanned Malays and Filipinos was engaged.

SHIPPING NEWS FROM DAY TO DAY

OUTLET IS WANTED FOR PRODUCTS TO FOREIGN MARKETS

Middle West Favors U. S. Shipping Subsidy But Ask Guarantee of Routes

Washington, April 21.—Support of the Middle West for the administration ship subsidy programme is dependent on a guarantee that trade routes, established by the Shipping Board from various South Atlantic and Gulf ports, will not be discontinued, the representatives of commercial organizations in the Mississippi basin told the Senate Commerce and House Merchant Marine Committees.

After more than two weeks of testimony by Shipping Board officials the committees began hearing the views of other proponents of the legislation with W. L. Ware, Chicago, representing the Mississippi Valley Association, the Chicago Association of Commerce and the Chicago World Trade Club and Malcolm Stewart of Cincinnati, chairman of the Middle West Merchant Marine Committee, as witnesses.

Both emphasized that public sentiment throughout the Central West was in the main favorable to the bill provided the outlet for their products to foreign markets through Southern ports was sufficiently fostered. They advocated an amendment, endorsed they said, by numerous commercial bodies in the Mississippi Valley, which would require the Shipping Board to continue operation of ships on all established routes for five years, unless it could sell the vessels to interests which would agree to operate the lines.

VESSEL MOVEMENTS

Victoria, April 20.—Arrived: Iyo Maru, Yokohama. Sailed: Iyo Maru, Seattle; Empress of Asia, Hongkong.

Vancouver, April 20.—Arrived: Steel Voyager, New York; Yehime Maru, Fraser River. Sailed: Empress of Asia, Orient; Narenta, United Kingdom; Hanley, Seattle; West Jappa, Seattle.

Kobe, April 20.—Arrived: Tenyo Mary, San Francisco.

Caronia at Hamburg from New York.

A lighthouse on the Sussex coast, in perfect order, and in a magnificent position, is for sale.

Helmcken Block Purchased by Canadian Pacific Railway

M'MICKEN PROMOTED IN ADMIRAL SERVICE

Becomes Traffic Manager; R. J. Ringwood Freight Traffic Manager

Seattle, April 21.—Announcement of the appointment of R. J. Ringwood, until recently manager of the operating division of the U. S. Shipping Board as freight traffic manager, and the promotion of E. G. McMicken, for many years general passenger agent of the company, to the position of passenger traffic manager, is made by A. F. Haines, vice-president and general manager of the Admiral Line.

The appointment, which becomes effective forthwith, entails the creation of two new positions in the Admiral Line organization, which, according to the announcement is occasioned by the necessity for a larger traffic organization due to the addition of the steamships Ruth Alexander and H. F. Alexander to the line's coastwise fleet.

Both Ringwood and McMicken are well known in shipping coast circles, having been associated with coast shipping for many years. Prior to his connection with the Shipping Board at Washington, where he was assistant to Vice-President Frey, Ringwood was for many years connected with the Pacific-Alaska Navigation Co. and the Pacific Steamship Co. from its formation. He left the latter company in 1917 and was for some time occupied in the Mexican and Central American trade.

McMicken has been associated with the Admiral Line and its predecessors for many years and is one of the best known passenger traffic men on the continent. He has been general passenger agent of the company since its formation in 1916. Headquarters of both will be at Seattle but in their new capacities will be frequent visitors to coast cities.

Princess Adelaide leaves at 4.30 p.m. daily.

From Seattle.

Sol Duc arrives 9.15 a.m. except Sunday.

Princess Victoria arrives daily at 1.15 p.m.

SHIP COLLIDED WITH ICEBERG

Finnish Barque Towed to Montevideo by British Steamship Junin

Montevideo, April 21.—After an adventurous voyage, during which she collided with an enormous iceberg and was then imprisoned in ice fields for twenty-one days, the Finnish barque Prof. Koch has arrived here in tow of the British steamship Junin.

The barque left Iquique, Chile, December 26, for Portuguese West Africa with saltpetre. The iceberg into which it first bumped was estimated by the crew to cover 300 feet above the waterline. After freeing herself from the ice, the barque continued drifting out of control until she encountered the Junin.

MARINE INTELLIGENCE AT PORT OF SEATTLE

Seattle, April 21.—H. C. Cantelow Pacific Coast manager of the Luckenbach service, passed through here yesterday on his way to Vancouver. E. C. He stated that the Luckenbach are making every effort to obtain the four ships used by the Shipping Board during the war, which have not yet been returned. With the four additional ships Mr. Cantelow declared, the Luckenbach line will be able to establish a five-day intercoastal service and a 15-day gulf service.

The steamship Harry Luckenbach arrived yesterday and was the first vessel to berth at the new Skinner and Eddy docks.

The Nippon Yusen Kaisha steamship Iyo Maru arrived here with a small cargo and with all passenger accommodations filled. Baron B Obata was a passenger, en route to Europe. The Iyo Maru brought 675 bales of silk.

The Nawsco Liner Neponset, a refrigerator ship, is due Sunday with 200 younds of fish, mostly haddock and cod, a present from Mayor Curley, of Boston, to Mayor Hugh M Caldwell, of Seattle. Similar shipments have been sent to Mayors Cryer and Rolph of Los Angeles and San Francisco.

The steamship Hoboken of the Pacific, Caribbean and Gulf line arrived here to-day from New Orleans via ports and Cuba. She will take out 500,000 feet of lumber for Havana. Shipping men here are of the opinion that trade between Cuba and the Pacific Coast is due to assume its former proportions in the near future.

The cannery ships Benjamin F Packard of the Northwest Fisheries Company fleet and the Oriental of the Libby, McNeill and Libby fleet sailed for Bristol Bay points to-day.

The motorship Siam got away for Copenhagen to-day with 1,000 tons of cargo from this port.

ALABAMA MARU IS EXPECTED TO-MORROW

The Osaka Shosen Kaisha liner Alabama Maru is expected to make quarantine during the night and will dock to-morrow morning at the Rithet piers.

The Japanese ships was 200 miles out at 8 o'clock last night.

H.M.C. CALCUTTA BACK AT SAN DIEGO

San Diego, Cal., April 21.—The British light cruiser Calcutta, which has been on a cruise of the South Pacific Islands, is now in port here from Honolulu. The Calcutta will stay here about a week and will shortly return to her base at Bermuda.

C.P.R. ACQUIRES HELMCKEN BLOCK

Building With Historical Associations on Langley Street Changes Hands

The Helmcken Block, a building with historical associations and for many years the headquarters of the 88th Battalion, located at the northeast corner of Fort and Langley Streets, has been purchased by the Canadian Pacific Railway. The Canadian Pacific is said to have tentative plans for the erection at some future date of a new building on the site of the present passenger offices at the northwest corner of Fort and Government Streets. The plans are very indefinite at the present time, but explain the purchase of the Helmcken property, which would permit the extension of a new building from Government to Langley Streets.

Property Arrangement.

Whatever the ultimate building plans of the Canadian Pacific Railway, however, the immediate purchase of the Helmcken building is interlocked with the property requirements of the Royal Bank of Canada, which already has plans for the extension of its premises through to Langley Street. The Helmcken building abuts on the extension line of the Royal Bank, and a deal has been agreed upon whereby the Royal Bank acquires a strip of the Helmcken building from the Canadian Pacific Railway.

NEWS IN BRIEF

Good Cheer Club.—The regular monthly meeting of the Good Cheer Club of Colfax Rebekah Lodge, No. 1 I. O. O. F., will be held in the I. O. O. F. Hall to-night at 7.15 sharp. All members are earnestly requested to be present

U. C. T. Monthly Meeting.—The regular monthly meeting of Victoria Council, No. 434, United Commercial Travelers, will be held to-night in the A. O. F. Hall, Broad Street, at 8 o'clock. The installation of the officers for the ensuing year will take place.

Boot Stores Close Early.—Bootstores here will close at six o'clock on Saturday evenings under a by-law which will be introduced in the City Council soon. Shoe store owners have asked the City Council for this regulation.

To Hold Social.—A social will be held to-night at the Y. M. C. A. by the Intermediate Employed boys' department. Games will be indulged in, while a splendid musical programme has been arranged.

To Hold Concert.—On April 24 at eight o'clock a concert will be given at the James Bay Methodist Church under the auspices of the Young People's Society. A special programme has been prepared by the musical committee.

Ex-Mayor's Condition.—Enquiry at St. Joseph's Hospital this morning elicited the information that the condition of ex-Mayor Robert Porter today is not as good as could be wished. He is suffering from a severe attack of pneumonia.

Clubs Will Meet.—All clubs of the Senior and Junior Employed boys' departments will meet at the banquet which is to be held at the Y. M. C. A. to-morrow night at 6.15 o'clock. Presentations of trophies will be made, and the Spring programme and activities will be outlined.

For Cathedral Building. — The Senior Girls' Bible Class of the Christ Church Cathedral will conduct a stall in Spencer's departmental store to-morrow morning for the sale of home cooking and flowers, in aid of the new Cathedral buildings fund for the erection of a Synod Hall and Sunday School.

Two Fires Yesterday.—A small roof fire at 577 Bay Street occasioned a run by the fire brigade at 4 p. m. yesterday. Little damage was done, the roof being slightly charred at one point. A second fire, at 1039 Pandora Avenue, took place shortly before ten o'clock last night. In this case some damage was occasioned.

To Parade To-night.—No. 1 Co. 11th Brigade, Canadian Machine Gun Corps will parade at the New Drill Hall to-night, at 8 o'clock. Dress drill order. Pay for the season ending March 31, will be issued at this parade to all those entitled to it, after which will be held a meeting to discuss possibilities of forming a baseball club and electing officers.

To Dance at Matinee.—Children attending the Royal Victoria Theatre to-morrow afternoon for the Charlie Chaplin film will find an added attraction in the dancing of three of Mrs. Wendell Shaw's little pupils, the Misses Rosemarie Naismith, Greta McArthur and Westlake in an interpretation of Mendelssohn's "Spring Song."

Orphans Treated.—Police Commissioner Joseph North has made arrangements for the entertainment of the orphans this afternoon. Manager Cliff Denham, of the Royal Victoria, has kindly consented to have the little tots as his guests. Cameron & Calwell undertook to supply the cars to take the children to and from the theatre, and Stevenson's and the Northwestern Creamery supplied candies and ice cream.

C. G. I. T. Group Gemmell.—All members of Group Gemmell are requested to turn out to the regular weekly meeting to-night. It is hoped that a date for a hike may be set, as the weather has improved. The meeting to-night will be in charge of Mentor R. Kelly, when she will give an impersonation of the life of the greatest Swedish singer of the 19th century, Mentor E. Penty being in Vancouver.

Y. P. Hold Auction.—A handsome sum of money, toward paying off the cost of a stereopticon bought by the First Presbyterian Church, was realized last night, when an auction sale was held by the Young People's Department of that church. Previous to the auctioning an excellent paper was read by Archie McKinnon on "The Spirit of True Sport." The auctioneers for the evening were Aubone Hoyle, William Hudson and Robert Hunter.

Spoke to Underwriters.—J. G. Stephenson, president of the Canadian Life Underwriters' Association, and a well-known Winnipeg insurance man, addressed the Victoria Life Underwriters' Association at luncheon to-day. Mr. Stephenson spoke to the thirty-five members present on the necessity of the right kind of salesmanship in life insurance, according to the needs of people served by the policies. A hearty vote of thanks was adopted to Mr. Stephenson, who left later for an Island tour.

Elks Re-union.—A grand reunion of the Elks will be held in Victoria on May 18. Grand lodge officers will be in attendance, as well as delegates from various lodges.

Narcissi Exhibit.—A rare collection of narcissi, about 25 varieties, grown by F. Barber Starkey, will be on view in the windows of Hall & Son, 643 Fort Street, to-morrow. The grower is regarded as an authority on this beautiful flower.

Purchase Pipe Line.—The Saanich Council last night decided to purchase for $500 from the Giant Powder Co. over 4,000 feet of water main laid in Cadboro Bay district. A section was examined and showed excellent condition. The main was laid about fifteen years ago.

Water Meter Tenders.—The Saanich Council last night received several tenders for the supply of water meters and referred them to a special committee. The instruments will be necessary to enable the Waterworks Department to meter all services. The Council recently abolished the practise of charging meter rentals.

St. Joseph's Dance. — The St. Joseph's nurses will be hostesses at the Alexandra ballroom to-night. The patrons are Mrs. R. L. Miller, Mrs. Stewart, Mrs. Boak and Mrs. O. M. Jones. Heaton's orchestra will be in attendance. Dancing will commence at 9 o'clock. The committee is very busy decorating the ballroom hall and dining room with evergreens. The tickets can be obtained from any of the nurses or at the door.

Ward Four Liberals.—Arrangements are now completed for the holding of the cabaret by Ward Four Liberals in the Liberal Club next Wednesday evening, commencing at 8 o'clock. The club rooms will be charmingly decorated and, in order to permit plenty of room for dancing, the affair will be limited to one hundred guests. Twenty-five tables will be laid out to accommodate four people at each table. There will be good music and a splendid programme.

Ward Five Liberals.—A combination entertainment of Five Hundred and other features, including dancing, will be given by Ward Five Liberals in the Liberal Club next Friday evening, April 28. Five hundred will be played from 8 to 10 o'clock, followed by dancing. The ladies of Ward Five will provide the refreshments. The affair will be known as a "Membership Social," the idea being to sign up as many members as possible in the ward organization. Ward Five at one time had over 300 paid-up members, and it is the purpose of the Ward again to bring the Ward up to full membership strength.

Warns Tenderfoot.—A warning to the effect that only experienced sourdoughs should enter the new mining district of the Cariboo country was issued by F. B. Hobson, who returned from that section yesterday. It costs $250 to make the trip to the scene of the new strike. He says that only men used to the prospecting game and able to look after themselves in the wilds should attempt to make the venture. It is a case where the tenderfoot should stay at home, says Mr. Hobson, who is the son of the late J. B. Hobson, who managed the famous Bullion Mine. The snow will not be off the ground for another five or six weeks, Mr. Hobson says. Thirty square miles of the Cedar Creek district has been staked, and as soon as the snow disappears the operators will start in locating the pay streak.

For Sick Nurses' Fund.—The Graduate Nurses' Association will hold a bridge tea at the Balmoral Hotel, by kind permission of Miss Tully, on April 29.

Queen of Island, L. O. B. A.—Queen of the Island, L. O. B. A. will hold a card party in the Orange Hall Saturday night. Parties can reserve their own tables if desired. Good prizes will be given, and a social dance will follow the game. Mrs. Davies supplying the music.

In Esquimalt Court.—Wong Kee Sue, charged with being an alien and found in possession of a .32.40 Martin rifle, in the police court yesterday was remanded until Thursday next for hearing. B. Dalziel was fined $5 for failure to have the necessary tail light on his car. Lee Young paid a like sum for the same offence, with $2.50 in addition as interpreter's fees. G. Harknett was fined $5 for permitting a team of horses to stand unhitched, on a public highway; Mrs. J. Shandley was fined $8 for permitting cattle to graze on a public road. Magistrate Jay presided, with E. V. Finland acting for the prosecution.

Flood Case Continues.—The action of Scrace versus the City of Victoria continued before Mr. Justice Gregory in the Supreme Court all to-day. The action is one by the plaintiff, Mrs. Elizabeth Scrace, to restrain the city by injunction from flooding the property of the plaintiff, due to the overflow from Bowker Creek. S. T. Hankey appears for the plaintiff, who is asking unstated damages, and H. B. Robertson, K. C., for the city, with City Solicitor H. S. Pringle. Evidence of City Engineer Preston and others was heard to-day, on the question of the flooding alleged to have taken place during the rainy season last year. The action is in the nature of a test case, which would, it is said, pave the way for others of a like nature if the plaintiff should be successful. The evidence to-day dealt with the liability or non-liability of the city in this respect. The hearing will continue.

Another Hold-up Reported.—The second hold-up of the week was staged last evening by a tall, broad shouldered bandit, with a mask over the lower portion of his face. The bandit stepped in front of Mrs. Ralph, Mitchell Street, Oak Bay, and commanded her to hand over her money. The sum of $3.90 was paid over, and some miscellaneous articles, including car tickets. The hold-up man then requested his victim to "keep on going," and then disappeared down the street. The matter was reported to the Oak Bay police, but the description of the bandit was meagre, as a mask covered the greater portion of his face.

House Twice Robbed.—Burglars have apparently no superstitions about revisiting the scene of their former escapades. Robbed on February 1 the home of Harry Hughes, 714 Queens Avenue, was entered again this week, the owner reported to the police yesterday. On the first occasion the thieves entered the house in the absence of the owner and secured a considerable haul of jewelry. On their second visit, while the family were still away, the thieves ransacked the place at their leisure and took off a quantity of ladies silk lingerie, valuable lace, and other apparel, together with a brooch valued at $75 that they had overlooked the first time. The police are investigating.

Primrose Tea a Success.—Mrs. Henry Croft formally opened the successful primrose tea held at the Sailors' Club, Esquimalt, Wednesday afternoon in aid of the club funds. At the conclusion of her little address she was presented with a bouquet of Spring flowers by little Miss Phyllis Pooley and Master Boysie Clark. R. H. Pooley, M. P. P., presided and with Mrs. A. Thomson, president of the Ladies' Guild, and Reeve Lockley appealed for support of the Club. Mrs. Ricketts was general convener and Mrs. G. P. Clarke convened the musical programme which included songs by the Misses Yeadon, Annie Wright and Messrs. Gillam, Merry and Master Monty Read, and also Miss Davis elocutionary numbers. Tea and light refreshments were served, and the convener desires to thank the artists and all who so generously contributed in any way to the success of the afternoon, the financial results from which amounted to $85.45 net.

Esquimalt Methodist Y. P. S.—This week the Young People's Society of Esquimalt Methodist Church will meet in the Bible classroom tonight at 8 o'clock, An address by Mr. Hadlin on "Home Missions" will be given. Refreshments will be served at the close and a social time will follow, with R. Scobbie as chairman.

Wood Not Worth Much. — The Saanich Council last night rejected the two tenders received for 552 cords of first-class fir cardwood at Prospect Lake Road, cut as relief work during the past Winter. The prices offered were $2 per cord by P. H. Sundin and $2.25 per cord by Painter & Sons. The wood cost Saanich $3.52 per cord, which will be reduced to $2.90 by Provincial and Federal reliefcontributions earned. Councillor McWilliam remarked, "We should get at least fift cents more per cord", when moving for rejection of the bids.

Discuss Sewer Svhemes. — The Saanich Council in sewer and water committee, last night debated at length various schemes connected with the re-submission of a sewer by-law to the ratepayers in July. The councillors canvassed the merits of by-laws providing for payment of the debt to Victoria for installation of a small system, for authorization of a loan of size sufficient for many years extension. This would be issued in blocks from time to time, as required by petition of ratepayers desiring service and willing to pay for it. The question was shelved for one week to allow digestion of the data provided by Clerk Cowper.

RENEW FIGHT AGAINST LEVY

Opponents of Improvement Tax Pin Hope to Sunday Plebiscite

Opponents of the proposed improvement tax here will renew their fight against the levy when the City Council takes up the closed Sunday plebiscite plan in the near future, it was made known at the City Hall to-day.

"It is inconceivable that the Council will decide to submit a plebiscite on the Sunday closing question and not on the improvement tax issue at the same time," Alderman E. S. Woodward, leading opponent of the improvement tax, declared this morning. "The Council has been asked by 3,500 electors to submit a referendum on the tax question, and has no such request for the closed Sunday referendum. No one can convince me that the Council is inconsistent enough to submit a referendum on one question and not on the other.

"Most emphatically we have not abandoned hope of a plebiscite on the improvement tax," he added.

BRIDGE FINANCES STILL IN MUDDLE

Aldermen Seek Reasons for Mounting Surplus Costs

Mayor Appeals to Premier; Company Desires Action

The city's newest Johnson Street bridge problem—how to finance the completion of the harbor viaduct—remained as far from solution as ever to-day when the civic authorities appealed to the Provincial Government to help them out of their difficulties.

Before writing to Premier Oliver to ask him to increase the original Johnson Street bridge by-law loan by $110,000, Mayor Marchant to-day conferred with representatives of the Canadian Bridge Company, which will be awarded the bridge contract, provided the city secures the money necessary to complete the work. It was learned during the morning that the Canadian Bridge Company wants to know where it stands right away so that it can start making arrangements for completing the bridge project. It is understood that the company's low tender on the bridge work was dependent upon steel prices, which are expected to mount in the near future. For this reason the company does not want any further delay to occur.

The city hopes to receive an answer to its request to the Premier during the next day or two so that a definite answer may be given to the Bridge Company. As Premier Oliver is on the Mainland now, however, it is not expected that an answer will be received for some days.

New By-Law Possible.

If the Government refuses to increase the bridge loan the city will have to find some other method of financing the remaining bridge work. Either a new by-law will be submitted to the electors or the necessary money will be spent out of current revenue over a period of three years, as proposed by the Mayor.

The Mayor to-day instructed officials of the Engineering Department to prepare figures showing exactly what money is required and in what respects the present costs exceed the costs fixed by the original estimate.

As a matter of fact, a number of aldermen are wondering why the excess bridge cost has risen in the course of a few days from $87,000 to $110,000. Members of the Council led by Alderman R. W. Perry, endeavored to get at the bottom of these facts to-day, but, in the absence of City Engineer F. M. Preston who was confined to home with a cold this morning, they could make little headway.

Need $110,000.

It was explained by City officials to-day, however, that the excess engineering cost of the bridge will be about $87,000. In addition to this however, will be the cost of expropriating land needed in the bridge project. This cost will be determined by arbitration in the near future. Altogether, Mayor Marchant estimates that $110,000 besides the money secured through the Bridge By-law will be required.

"The point that strikes me most forcibly is that the excess cost appears to be mounting as time goes on," said Alderman Perry as he started on his investigations this morning. "No doubt there is some explanation for this increase and want to have it."

Including royalties to the Strauss Bridge Company, which drafted the bridge plans, and certain inspection fees, the three tenders for the completion of the new bridge are as follows:

Canadian Bridge Company, $213,500; J. Coughlan and Sons, of Vancouver, $237,100; The Dominion Bridge Company, $252,300.

CHAMBER DIRECTORS FOR THE YEAR 1922

Election Completed Yesterday; Meeting on Monday

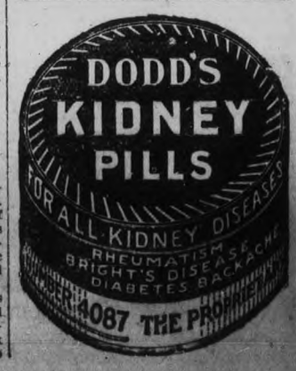

Victoria Chamber of Commerce directors elected for the year 1922 are as follows: C. T. Cross, S. J. Drake, W. A. Jameson, Stephen Jones, R. W. Mayhew, George McGregor, J. W. Spencer, A. E. Todd, N. A. Yarrow. These members will serve on the board of directors for two years. The following have still one year to run on their two-year term: J. H. Beatty, B. C. Nicholas, J. O. Cameron, Joshua Kingham and J. C. Pendray. The following were elected for the one-year term: P. C. Abell, General R. P. Clark, Alderman Hayward, Alderman Gillespie. The total number of directors is eighteen.

Under the by-laws the new directors are required to meet within ten days to elect their president, vice-presidents and treasurer. This will probably be done at Monday's luncheon of the board, which will be held at the Dominion Hotel.

WOLF CUBS HAVE PLEASANT EXCURSION

By kind permission of Manager A. T. Goward, of the B. C. Electric Railway Co., the Wolf Cubs of the Victoria West and James Bay Packs, under Scoutmaster MacArthur, camped on the B. C. Electric property at Telegraph Bay, on Good Friday.

The Oak Bay Pack, under Miss Hilliard, were early on the scene, and had dinner prepared when the campers arrived by road with their trek cart. They also paid daily visits to camp, and joined in the various activities. As this was the first camp for most of the Cubs, instruction in cooking and camp routine formed a large part of the programme, and the mulligan and flapjacks produced were pronounced by critical visitors absolutely O. K. The older Cubs were given some instruction in Heliograph signalling, and proved apt pupils. The party returned Monday evening.

at the Theatre

ROYAL VICTORIA

"Pay Day" will come. It's due again to-day at the Royal Victoria Theatre, for thousands of motion picture followers who have been waiting for a good laugh.

"Pay Day" is a First National attraction, being the title of the latest Charles Chaplin comedy and the first one that the superlative star of fun has given the screen in many months It will be pay day for the fans who have been waiting to cash in on a good laugh, for advance reports have it that the picture is one of the biggest humorosities that have ever come from the Chaplin studios.

Lovers of strong dramatic action will find much to satisfy them in Sidney Franklin's latest Associated First National production, "Courage," which is being shown as an added attraction. A firm believer in all-star casts, Franklin has combed the picture world for the strongest cast possible. That he obtained it there can be no doubt.

As the featured player in this great screen dramatization Franklin selected Naomi Childers, known to all picture goers for her most excellent work in such pictures as "Hold Your Horses," "The Gay Lord Quex," "Earthbound" and "Lord and Lady Algy."

Other members of the cast are Sam de Grasse, Lionel Belmore Lloyd Whitlock, Alec. B. Francis Gloria Hope, Charles Hill Mailes, Ray Howard and Adolph Menjou.

This combination, Franklin's excellent direction and the splendid screen material afforded by Andrew Soutar's great novel, "Courage," have made the photoplay an unusual one.

Every member of the cast was chosen for his or her ability to portray exactly the type of role called for by the story.

A special attraction for the Saturday afternoon performance only will be a charming dance interpreting the "Spring Song," by three of Mrs. Wendell Shaw's little pupils, the Misses Rosemary Naismith, Dorothy Westlake and Greta McArthur.

AMUSEMENTS TO-DAY

Royal—"Pay Day."
Capitol—"Find the Woman."
Dominion — "Bought and Paid For."
Princess—"Three Live Ghosts."
Variety—"A Ridin' Romeo."

CAPITOL

Who killed Morris Beiner? The well-known theatrical agent is found stabbed to death in his office, one hand clutching part of a woman's dress. On a memorandum pad is the name of a woman. Where is that woman? That is the mystery developed by "Find the Woman," with Alma Rubens, a Cosmopolitan-Paramount picture now showing at the Capitol Theatre. The story was written by Arthur Somers Roche and Tom Terris directed the picture.

Adventure, complications, excitement and romance are said to be offered in great measure by this new photoplay.

DOMINION

The best rain scenes for a motion picture can be made on a clear day! This peculiar fact came to light during the filming of "Bought and Paid For," William de Mille's new production for Paramount, which will be presented at the Dominion Theatre all this week, with a cast including Agnes Ayres, Jack Holt, Walter Heirs and Leah Wyant.

"Let it rain for six weeks if it wants to, but please grant that it clear up on the day I want to shoot my 'rain scene,'" the producer was heard to remark during a rainy spell while the picture was under way.

Rain scenes are made with a rain-making apparatus or sprinkler which deluges with rain only the area in which the scene is to be filmed. The camera and director are behind that area. Scenes filmed in real rain would not be as photographically perfect as those made by this artificial means.

VARIETY

Tom Mix will be at the Variety Theatre to-day in his latest William Fox production, "A Ridin' Romeo." This picture should be a good one Tom Mix wrote it himself and put in a heap of that good old cowboy stuff he experienced on the plains when he was there with his pony and his lariat.

"THREE LIVE GHOSTS" MAGNET AT PRINCESS

"Three Live Ghosts" is to-night's and this week's attraction at the Princess. It has more than fulfilled expectations. Heralded as the most successful of modern English comedy dramas, the play as produced in Victoria by the popular Stock Company is nightly entrancing those who see it by its sparkling comedy, situations and dialogue.

With scenes laid in old England and full of good old English types "The Three Live Ghosts" is due to establish attendance records during its local engagement.

ACTOR FIRST, DOG NEXT

The docile intuition with which a dog can take a part in a screen drama is the revelation which is amazing all photoplay followers who have seen "The Silent Call," H. O. Davis' presentation of the Laurence Trimble-Jane Murfin production released through Associated First National Pictures, Inc., which is being shown at the Royal Victoria Theatre all next week.

Unlike many human stars, Strongheart, the Belgian police dog who takes the leading role in the production, is not a victim of temperament His art is acting, and he is an actor first and dog afterwards.

This fact was fully demonstrated in the dog's attitude to the various characters in the drama during film production and off-set. The animal was almost ferocious towards William Dryer, who plays the heavy in the cast. He growled and barked at the "villain" and when the critica moment of the story arrived, leaped for him with such realism that Director Trimble almost stopped the scene and called it off.

The dog's attitude was all the more remarkable because off-stage William Dyer was the one person in the cast to whom he had shown special friendship. It was a distinct contrast to his bearing towards most of the members of the cast, for dispite his record of having mingled with many human beings to save their lives during the World War, Strongheart is an aloof personage, and in his moments of relaxation prefers to jump to a high shelf where he can rest undisturbed.

YOLANDO MERO

Yolando Mero, the great Hungarian pianist, now accounted the greatest woman pianist of her time, who is to appear here in recital this evening makes a most favorable impression the instant she steps on the stage It is not only a question of personal charm, although this Magyar woman is full of the traditional attractiveness that has made her race famous among all races—it is rather the feeling the audience has at once that a woman has arrived who knows exactly what she is going to do. And this appears in her playing. As the Chicago Examiner has said "She possesses a finite idea of what to do and how to do it, a keen rhythmic sense, and much delicacy of touch in the lighter passages." Edward C. Moore in the Chicago Daily Journal has said of her that she "is an invigorating, spirited pianist, with a lot of virility in her manner of playing and considerable imagination of her own." She has a strong and interesting personality but she is thoroughly feminine, despite the masculine authority and power which are evident in everything which she plays. The recital will be held at the Empress Hotel Ballroom.

I Haven't a Trace Of Dyspepsia Left And Never Felt Better, Thanks To

TANLAC

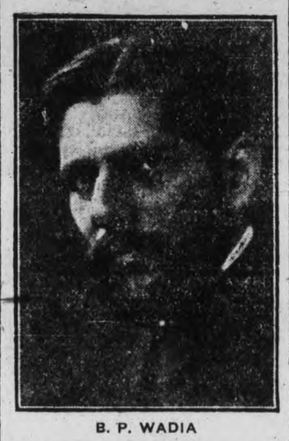

declares Mrs. E. Clayton, Walsh's Sqr., St. John's, Nfd. Tanlac overcomes Dyspepsia by toning up the stomach and enabling it to convert the food into nourishment that builds up and strengthens every tissue of the body. Dozens of other complaints also disappear when dyspepsia is overcome. At all good druggists.

WADIA WILL LECTURE HERE FOR THE THEOSOPHICAL SOCIETY

Bahman Pestonji Wadia, a Parsee by birth and a member of a well-known Bombay family is to visit Victoria within the next few days He is to lecture here under the auspices of the Theosophical Society and the Women's Canadian Club. His work here terminates a Canadian tour on his homeward journey to India returning from the International Labor Conference.

Mr. Wadia as president of the Madras Labor Union represents over half a million workers. He is a strong believer in India's ideals but is extremely loyal to the Empire and insists in constitutional political methods The Montagu-Chelmsford Reforms were considerably helped forward by his work.

As author on Labor, Philosophy

B. P. WADIA

Art and Religion Mr. Wadia has an international reputation. As lecturer he has swayed vast audiences throughout Europe, United States and Canada. The Washington press refered to him as "the man who thrilled Washington."

His lectures in Victoria will deal with India and also with problems vital to the life of individual and community.

"MR. PIM PASSES BY"

"The World's Window," a column of daily comment conducted by "N. R.," a prominent Vancouver journalist, had the following remarks following the first production of "Mr Pim Passes By" in that city:

"The members of the Players' Club of the University of British Columbia have earned for themselves an enviable reputation and, if I am any judge of acting, they have added to that reputation more materially by their presentation at the Avenue Theatre this week of "Mr. Pim Passes By" than by any production they have given. While I could see places where a first class company would have got more out of certain lines and situations it seemed to me that it was an astonishingly creditable presentation for a company of amateurs, most of whom were in their teens or early twenties.

"Moreover the play is very English in atmosphere—not an easy atmosphere to "get over" for any of the cast not familiar with the Old Land and its types. Presumably the "coaching" of Professor F. G. C Wood was responsible for much. "Mr. Pim" is a satiric comedy bordering very nearly upon farce now and again."

"Mr. Pim Passes By" will be presented by the Players' Club here on May 1.

Six Thousand Children to Go Back to School as Term Opens Monday

School Population Shows Considerable Increases Over Last Year; Students to Start Spring Drive For Final Examinations In June; New System to Government Entrance Promotions.

Over 6,000 children will return to their studies at the public schools of Victoria on Monday and start the final drive towards the Summer examinations.

The school population now consists of 6,381 pupils, according to figures issued at the City School Board offices this morning. This is an increase of 235 over the population at this time last year—a fact that the City School Trustees are emphasizing in explaining why school costs are higher to-day than they were a few years ago.

The figures given out to-day indicate that only a very small proportion of the pupils who entered the schools last Fall have ceased their studies during the year. At the opening of the Fall term of 1921, 6,228 pupils registered, so that only 153 have left the schools since that time. New pupils to the number of 199 have entered the schools since January 1, the figures show.

High School Grows.

Great growth in the size of the High School is shown in the latest figures. There are 936 students in the High School now as compared to 807 a year ago or an increase of 129. One thousand students registered at the High School last Fall, so that sixty-four have stopped their studies during the year.

Studies in the schools will be speeded up when the pupils reassemble on Monday after a week's vacation. The schools, as usual, will close for the Summer vacation June 30 and before that time the annual examinations will be held.

A new system governing the entrance of pupils into the High School from the public schools will go into effect this year. Under this system the principal of each public school will recommend to the Department, in order of merit, the students who he thinks should be promoted to the High School. The Department will allow sixty per cent. of these students to enter the High School in the Fall without examination provided each has a certificate from his principal stating that he has covered the necessary course of study.

Must Write Examinations.

The remaining forty per cent. of the students must write an examination which will be set by the Department of Education and which will include these subjects: spelling and writing, geography, drawing, arithmetic and grammar and composition. To secure passage into the High School the student must secure sixty per cent. of the marks in these subjects.

This system will make entrance into the High School slightly more difficult than formerly and, it is hoped, will raise the standard of the High School student body considerably.

GIRL GUIDE NOTES

The Girl Guide officers' training classes are now in progress, meeting fortnightly, and the next is to be held on Tuesday, April 25, at 8 p.m. in the Alexandra Clubroom and alternate Tuesdays thereafter instead of Mondays as heretofore. At the last class the programme for the coming rally to be held at Duncan in July was discussed and instruction in Guide drills and exercises given by Miss Leighton and Miss Colton. The yearly company financial statements submitted were reviewed by Miss Leighton, the local commissioner. New officers were then instructed in tenderfoot training.

New Companies Formed.

Two new and enthusiastic companies have recently been formed at Esquimalt and Victoria West. A company of twenty at Esquimalt, with ten enrolled shows how keen the children are about the work. An organizing meeting will be held on April 28 in the Lampson Street school at 8 p.m. Miss Leighton, commissioner for Victoria, will explain all about how Guides work and play, and lantern slides depicting the movement will be in charge of Miss Hunter. Officers have been found to take charge of the company, which is encouraging to all interested in Guides in Victoria. Any girls or parents who are interested to know how one becomes a Guide will be told all about this interesting subject on Friday next.

Victoria West Guides.

The Victoria West company, under Miss Colby, captain, and Miss Barf, lieutenant, are progressing in tenderfoot and second class work. The company numbers seventeen, with two patrols, the Blue Birds and Robins. The company colors are red with patrol colors of blue and brown and brown respectively. The company enjoyed a hike on Good Friday to Thedas Lake, a good walk from the city.

The company meets at its headquarters, 631 Esquimalt Road, at the home of Mrs. Trowsdale, each Wednesday at 7 p.m. Any child who would like to be a Guide will be welcomed.

The James Bay company numbers approximately twenty-four Guides. They are at present being instructed in sewing by Miss Hallwright and further engaged in learning tenderfoot and second class work.

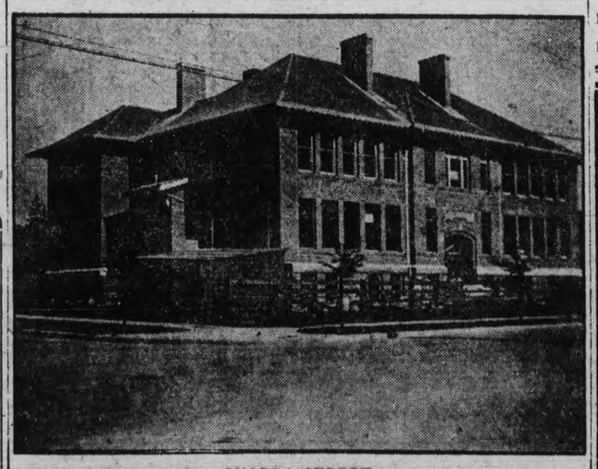

Thrift Badges.

Fowl Bay company enjoyed a hike on Mt. Tolmie last Saturday afternoon, followed by tea at the home of the captain. This was the regular drill time and the programme for the coming rally at Duncan was discussed and patrol drills given in preparation. The company is now studying for the child nurse badge. Two thrift badges will shortly be awarded to Patrol Leaders Amy Morton and Vivienne Wheadon, showing that these Guides have a war savings certificate valued at $15 or over which represents money earned by themselves. The company meets each Saturday from 2 p.m. to 4 p.m. at its headquarters, Lillian Road. More Guides are needed to complete the patrols for competitions, etc., at the rally. Girls over ten years who are anxious to learn about Guide games, work, dances and service will be most welcome on Saturday.

The Oak Bay company held a very successful party Tuesday at Stadacona Park from 4 to 9 p.m. Pony rides and a "bun hunt" formed the principal amusements of the afternoon, followed by a huge fire in the house, with gramophone music and ghost stories. All enjoyed a thoroughly good time and planned dozens more just like it.

No. 2 company, at headquarters, were given instruction in first aid last Thursday evening by Miss Crompton, a former V. A. D., followed by the usual Guide drills and games.

One of Victoria's Newest Schools

QUADRA STREET

YPRES CELEBRATIONS SOOKE TO-MORROW

Lieut.-Governor to Attend; Boys' Naval Brigade Band Concert

His Honor the Lieutenant-Governor and Mrs. Nichol will motor out to Sooke Harbor to-morrow afternoon for the concert to be given by the Boys' Naval Brigade band in commemoration of the anniversary of the second battle of Ypres. An impressive little ceremony will be conducted at the war memorial shrine at Sooke at which the band will play the music for the hymns.

Following the ceremony the band will give an open-air concert, conducted by their instructor, Albert Rumsby, with William Telfer as solo cornetist. The concert programme will include the following numbers:
March—"Life on the Ocean."
Overture—"Three Merry Knights."
Serenade—"O Sole Mio."
Valse—"Margaret."
March—"Britannia the Pride of the Ocean."
Song—"The End of a Perfect Day."
Selections—"Reminiscences of Scotland.'
"God Save the King."

Weather permitting, there will be dancing in the open air on the tennis court of the Sooke Harbor Hotel and in the evening there will be a big dance in the hotel, for which Manager George Nicholson has made elaborate preparations.

Transportation arrangements have been made with Cameron & Calwell for the conveyance of Victorians to the celebrations.

Teacher: "Jane, can you tell me who succeeded Edward VI.?"
Jane: "Mary."
Teacher: "Now, Lucy, who followed Mary?"
Lucy (absent-mindedly): "Her little lamb."

Back to School In a Sam Scott Suit

The TIMES LATEST NEWS of SPORT

IS BIG BILL TILDEN GOING BACKWARDS?

Defeat By Vincent Richards Leads to Believe He Is Slipping

World's Champion Not Looking Well and May Have to Yield Title

New York, April 21.—Lawn tennis players have experienced two stupendous surprises. The most important is the defeat of "Big Bill" Tilden by his young protege of other years, Vincent Richards. This thing that happened in Philadelphia is providing food for thought.

The thought takes the form of a question: Is Tilden slipping?

Those who saw Tilden on his recent appearance at the Seventh Regiment Armory in this city during the progress of the national indoor championship were inclined to regard the world champion as far from condition. Now along comes Richards, himself only partially recovered from pneumonia, and zip, he trims Tilden up for a 2-6, 6-1, 6-4 score on board courts that are admirably suited to the style of the famous American.

Tilden Looks Ill.

Tilden looked drawn, wan and haggard when he was here a few weeks ago. His physical appearance, and the fact that he seemed to have lost weight, was remarked by a number of persons. Now the fact that Richards masters him gives some uneasiness that Tilden may not be in his old form when the defence of the Davis Cup rolls round next September.

The opinion prevails among a number of those who have critically watched Tilden that he touched the zenith of his career a year ago. Following his return from England, Richards defeated him in the final of the Rhode Island State championship, at Providence. Then, after the All-Comers, the champion bowed to James O. Anderson, the giant Australasian, and to Laurence B. Rice, the former Yale star. The latter already gives promise of being one of the sensations of the coming season. Anyway, if Tilden is not slipping, he assuredly is not on his game.

TEST OF CLUBS DID NOT PROVE A THING

Steel and Wooden Golf Weapons Are Tested Out by Prominent Golfers

Chicago, April 21.—Comparative trials of steel and wooden shafted golf clubs were made yesterday by three expert players before officers of the Western Golf Association at Edgwood Club, but a sixty-mile gale with snow on its wing made the experiment unsatisfactory and decision as to whether the former would be barred as mechanical appliances was deferred for further tests in fair weather.

Jock Hutchison, local professional, who is British open golf champion; Laurie Ayton, of Evanston, another Scotch professional, and Chick Evans, former national champion, played several shots into the teeth of the gale, with both iron and woods.

The wind nearly swept the players off their feet, but fair shots were made and they indicated little if any difference between the steel and woods. The best shots against the wind carried only about 175 yards, while with the wind at their backs the balls carried 250 yards with no roll on account of the soft ground.

HUGE STAKES UP FOR TORONTO PONY RACES

One Hundred and Nineteen Thousand Dollars in Purses in Seven Days

The Ontario Jockey Club, Limited Spring meeting will be held at Woodbine between May 20 and 27. As usual the Toronto Cup heads the list with $10,000 added. This is followed by the Connaught Cup, $5,000 added for Canadian-owned horses; the King William Hendrie Memorial, $5,000; Edward Gold Cup, $5,000 added; for three-year-olds and upward foaled in Canada; Woodstock Plate $5,000 added, for three-year-olds; Victoria Stakes, $5,000 added, for two-year-olds; Coronation Stakes $5,000 added, for two-year-olds foaled in Canada; Street Railway Steeplechase, $5,000 added, two and a half miles. In all, eight stakes, with $45,000 added, $5,000 being the lowest value.

There will also be run during the meeting handicaps and other events of $2,500 and $2,000. As is the custom at meetings of the Ontario Jockey Club, steeplechasing is a strong feature, the Street Railway Steeplechase having $5,000 added with overnight events of $3,000 and $2,000; in all, $16,000 added for cross-country racing, with $1,500 the lowest value of any overnight event, the total purses for flat racing and steeplechasing being one hundred and nineteen thousand dollars in seven days.

BASEBALL PRACTICE

The Eagles Baseball Club will hold its first practice this evening at 6 o'clock at the Royal Athletic Park. All players are requested to be on hand

CALGARY VETERAN IS BANTAMWEIGHT CHAMP

Calgary, April 21.—Two Canadian National championships were decided during the first night of two-night fistic tournament that is being held here under the auspices of the Alberta branch of the Amateur Athletic Union of Canada. M. J. Heap, a 35-year-old veteran of Calgary, defeated P. R. Campbell, of Edmonton, in the bantamweight division, and D. S. Brown, of Calgary, defeated M. McJunkin, of Calgary, in the 125-pound special weight division.

SUZANNE LENGLEN STAGES COMEBACK AT MONTE CARLO

Monte Carlo, April 21.—Mlle. Suzanne Lenglen made her first appearance in a tournament singles match since her defeat by Molla B. Mallory in the United States last year, when she played with Miss Smailes here yesterday. Mlle. Lenglen did not lose a game of the two sets.

NEW FISH AND GAME BODY ON MAINLAND

Anglers' and Hunters' Executive Council of B. C. Has Been Organized

New Westminster, April 21.—A milestone in the history of British Columbia's fish and game clubs was marked when organization was completed Wednesday evening in New Westminster of an Anglers' and Hunters' Executive Council of British Columbia.

The object of this body was defined, "to protect the game and fish of the province; assist in their propagation and to further the legitimate efforts of sporting organizations with this end in view; to encourage the protection of song and insectivorous birds and other birds not classed as game birds, and to educate the public accordingly; to assist in the enforcement of all regulations relative to the above; to protect the rights of the people of B. C. in the game and fish and to prevent the leasing of public lands and waters to syndicates or individuals for preserves other than for the propagation of fur bearing animals."

Work Through One Channel.

The associated clubs bind themselves to conduct all negotiations with the Federal and Provincial departments and other public bodies through the central executive.

A meeting may be called at the request of any two clubs for the purpose of considering any contingency or emergency with respect to game or fish regulations or kindred subjects with a view that remedial action can be taken if occasion require it.

The annual meeting is to be held in January, and a meeting to review the situation in June of each year.

The Officers.

Election of officers resulted as follows:

President, Dr. Frank P. Smith, Westminster and Valley Rod and Gun Club; first vice-president, Arthur Watson, B. C. Anglers; second vice-president, Joseph Boothroyd, Cloverdale Gun Club; secretary-treasurer, Clifford Lord, Westminster and Valley Rod and Gun Club; executive committee, W. M. Greene, North Vancouver Association; Dr. A. R. Baker, Vancouver Gun Club; Vic. Eickhoff, Westminster Gun Club; fourth member to be appointed by the Vancouver Angling and Game Association.

Constitutional Committee, Judge Ruggles, North Vancouver Fish, Game and Gun Club; W. E. Maiden, Westminster Gun Club; Dr. A. R. Baker, Vancouver Gun Club; J. J. Cambridge, Westminster and Valley Road and Gun Club; A. Watson, B. C. Anglers; H. S. Whyte, Vancouver Angling and Game Association.

MANY COMPETITORS IN ONTARIO BOXING BOUTS

Toronto, April 21.—Ontario amateur boxing championships opened here last night with a card of 50 contests, on which there were a number of defaults.

With only a few exceptions, the competitors were Toronto men.

The outstanding feature of the night was the defeat of Champion Jack Johnston by "Dummy" Wagman, who has been knocking at the door for several years back.

Another big attraction was the appearance of George Fifield, who won the American national championship at Boston Tuesday night.

HAGEN AND KIRKWOOD TO MAKE GOLF TOUR

New York, April 21.—The latest stars of the mashie and niblick to join the globe-trotting golfing brigade are Walter Hagen, twice American open champion, and Joe Kirkwood, Australian trick shot expert.

According to their present plans, Hagen and Kirkwood will sail from the Pacific Coast in the Fall, after competing in the important championship events in this country. Their first stop is expected to be Honolulu and from there they will go to the Philippines, China and Australia for exhibitions, returning by way of South Africa and probably France and England.

Famous Plasterer Wins Bout Over Roper Then Ducks Stool

FRED FULTON

Denver, Colo., April 20.—Fred Fulton, of Rochester, Minn., won from Bob Roper, of Chicago, in the fifth round of a scheduled 12-round bout here last night. Fulton in the fourth landed two lefts, then a short right to Roper's jaw and the latter went through the ropes. He was counted out by the referee, Young Corbett, before he could get up and return to the ring.

Termination of the battle in the fifth was unexpected, for up to that point Roper had the better of the bout, in the opinion of the judges and newspapermen at the ringside. He landed rights to Fulton's jaw and stomach but his blows did not seem to have a sting in them. According to the judges, Roper had the second and third rounds, and the first and fourth were even.

Hurled Stool At Fulton.

After Roper had been pushed back into the ring, Fulton walked over to shake hands. Roper hurled his stool at Fulton and then tried to make a speech, saying that he was not knocked out but had struck his head when he went through the ropes.

An attachment was filed against Fulton's share of the gate receipts by an attorney on receipt of a telegram from Tom O'Rourke, of New York, formerly Fulton's manager. He claimed $1,635. The attachment was filed at the box office and in the district court.

HARVARD WINS GAME

Philadelphia, April 21.—Harvard defeated the University of Pennsylvania at lacrosse yesterday, one to nothing.

COAST LEAGUE BALL

Portland Hit Well But Lost.

Portland, Ore., April 21.—Minus the services not only of Duke Kenworthy, still suspended by Judge Landis, and also of Sammy Hale, hard hitting third baseman, who has an injured knee, the Beavers battled Oakland eleven innings with a patched lineup before losing yesterday 3 to 2. A home run by Marriott in the eleventh put the battle on ice. Wolfer, an outfielder, covered second for Portland. The Beavers hit often enough, but they lacked the punch with men on bases.

	R.	H.	E.
Oakland	3	6	1
Portland	2	13	0

Eleven Innings

Batteries—Winn and Koehler; Sutherland and Elliott.

Came From Behind and Won.

San Francisco, April 21.—San Francisco fought an uphill battle against Sacramento yesterday until the seventh inning, when the Seals overcame a three-run lead and finished victorious, six to four. Two hits and an error by Pick that otherwise would have been a double play filled the bases and three hits then brought in four tallies. The Seals' final run was scored in the eighth frame by O'Connell, who singled, stole second, was sacrificed to third and then came home on Kunz' wild pitch.

	R.	H.	E.
Sacramento	4	10	1
San Francisco	6	9	0

Batteries—Kunz and Stanage; Coumbe, Geary and Agnew, Yelle.

A Tough Luck Blow.

Seattle, April 21.—Seattle lost the second game of the opening series with Vernon here yesterday when Barney was trapped off third base after Cueto's single had scored Seattle's third run and given the Indians better than a fighting chance at victory. James was wild, but allowed only four hits. One of the thrillers of the game was Lane's hit into the bleachers in the ninth with two on, which was a foul by inches.

	R.	H.	E.
Vernon	4	7	0
Seattle	3	5	1

Batteries—James and Murphy; Jacobs and Tobin.

At Los Angeles—	R.	H.	E.
Salt Lake	4	8	0
Los Angeles	1	7	0

Batteries—Kallio, Reider and Jenkins; Hughes, Hall and Daly.

SANTEL RETAINS TITLE

Portland, Ore., April 21.—Ad Santel, light heavyweight wrestling champion of the world, retained his title in a match here last night with Louis Pergantas, of Boston. Santel won in two straight falls, the first in 38 minutes, 20 seconds with short-arm scissors, and the second in 18 minutes with a leg hold and arm lock.

AUSTRALIAN TENNIS TEAM IS DANGEROUS

London Predicts That Americans Will Have Trouble Saving Davis Cup

London, April 21.—Australia, of all the challenging nations has the best chance to upset everything and take away the Davis Cup. For months past, under the crafty direction of Norman Brookes, 45-year-old internationalist, the Australians have been engaged in experiments and tryouts. Their material is formidable and besides Gerald Patterson former English champion, includes J. R. Anderson, semi-finalist for American honors in 1921; Pat O'Hara Wood, Clarence Todd, J. P. Hawkes and Brookes himself.

Japan will be a strong contender especially if Kumagae and Shimidzu team up as they did in 1921. There's some doubt, however, whether Kumagae will be available.

England Has Little.

England so far hasn't displayed much activity toward rounding up material for its Davis Cup team. John Bull would have to dig up a few unknown wonders to make things interesting for the defending forces but the case of Australia is different

No Cinch For Tilden.

Bill Tilden's path is not going to be strewn with roses this season. All of which should add to the gaiety of the year on the courts. It is a good thing for the sport to see a newcomer figure as a possible winner. Last season it was no trick at all to be able to forecast the final four in a tournament or at any rate, the last eight.

A TENNIS STIMULANT FOR LAND OF NIPPON

Nippon Club, of New York, Presents Cup as National Trophy for Japan

New York, April 21.—Members of the Nippon Club, of New York, which presented a loving cup to the Japanese tennis players in their first entry last year as international competitors for the Davis Cup, are hoping that the trophy will be used as the national championship tennis cup of Japan.

From the National Tennis Association it was learned to-day that the cup was presented to the Japanese Association without reserve by the Nippon Club, but the latter organization, desiring its countrymen to forge ahead in the net game, believe that it will increase interest if made a national trophy.

M. Miho, a Japanese tennis enthusiast, is en route to Japan with the cup where he will formally present it to the Japanese Tennis Association.

HUMAN FISH BREAKS STILL ANOTHER MARK

Milwaukee, April 21.—Johnny Weismuller, crack swimmer of the Illinois Athletic Club, lowered the world's record for the 150-yard backstroke last night, finishing the distance in 1.42 2-5. This is 3 2-5 seconds better than the record made by Terry McGillivray, of 1.48 4-5.

The Swedish Swimimng Association has requested Weismuller's presence at the championship races to be held in Stockholm late in July.

CANADIAN CHESS CHAMPION ASKED TO PLAY IN U. K.

Toronto, April 21.—J. S. Morrison, of Toronto, for three years Canadian chess champion, has been invited to the international chess conference in London, England, in August. The Montreal Chess Club has offered to pay Mr. Morrison's expenses if he will represent that club, but he has declined. There is a proposition on foot for each Dominion to defray the expenses of its chess master to this conference of the chess members of the world.

"HIGH" BASKETERS GOING TO MAINLAND

Champion Local Quintette Will Meet St. Marks in Vancouver To-morrow

Vancouver, April 21.—The basketball season at St. Mark's will close Saturday night when St. Mark's senior girls' team, British Columbia High School champions, will meet the Victoria High School senior team, British Columbia High School champions, in St. Mark's gym. at eight o'clock. Great interest is being taken in the game and a big crowd is looked for. Victoria is bringing over a strong team, including Isobel Crawford, who played such a fine game in the provincial championships held here several weeks ago. She is looked on as one of the coming stars of basketball, playing a fast dodging and dribbling game with a quick accurate shot.

The Victoria line-up includes: Misses Doris Grubb, acting captain; Florrie Gates, Isobel Crawford, Muriel Daniels, Jeanette McQueen, Dorothy Melville and Ella Lewis, captain.

A Great Record.

St. Mark's will have their strongest team, which won the provincial S. S. championship several weeks ago. This team has been playing consistent basketball all season, having played a total, including the championship, of twenty-three games without a loss, and with a defence that allowed only ten floor goals scored against them all season. It is believed that this constitutes a basketball record. The line-up: Miss V. Stevenson and Miss T. Raper, forwards; Miss A. Hall (captain), centre; Miss D. Shorney and Miss D. Gillespie, guards.

NUMEROUS TROPHIES FOR COMPETITION

Dr. Sleeth Will Judge Parlor Dog Show at Lorain Hall; Many Entries Expected

Six cups, four medals, numerous ribbons and twenty dollars worth of prizes comprises the list of articles up for competition at the Parlor Dog show which is to be held at the Lorraine Hall, corner of Blanshard and Pandora Avenue on Saturday. The Victoria Dog Kennel Club is running the exhibition which is open to any one who wishes to enter a dog, whether it has a pedigree or not. Judging by the inquiries received by the secretary of the show the affair promises to be a big success, as wide interest had been aroused in dog fancier's circles of this city.

Owing to the inability of Mr. Jackson to officiate at the dog show, the club has been able to secure the services of Dr. Trevelyn Sleeth, who is a well-known Vancouver veterinary surgeon, and has an exceptionally high reputation for judging of dogs Mr. Sleeth is the Mainland director of the Canadian Kennel Club.

Entries to the dog show will not be received until Saturday when registration can be made between the hours of 6 and 7 o'clock at the hall.

Many Entries Expected.

Arrangements have been completed at the hall for the placing of the dogs and everyone is assured of a safe entry of his dog from the various canine diseases, as every precaution has been taken to guard against this. It is estimated that some two hundred dogs will be seen at the Saturday night show.

FIVE C'S CRICKET ELEVENS TO PLAY

The Five C's Cricket Club is beginning the season in earnest tomorrow by having a practice match between the two elevens which are entered in the City League. A cordial invitation is extended to all unattached players to join in the game. Play will start at 2.30 o'clock on the Oak Bay grounds.

BOB MARTIN MAY BE DEMPSEY'S VICTIM

Army Heavyweight Champion Being Groomed for Bout on Labor Day

Martin Must Dispose of Bill Brennan and Bob Roper Before That Time

Terra Alta, W. Va., April 21.—Jack Dempsey, champion, and Bob Martin of Terra Alta., heavyweight champion of the A. E. F., will meet in a bout at Ebbetts Field, Brooklyn, N. Y., on Labor Day, in event Martin defeats Bob Roper and Bill Brennan before that time, according to Dr S. M. Scott, junior, an intimate friend of the soldier boxer.

Dr. Scott said here to-day that he had been advised by Martin that Jack Kearns, Dempsey's manager had agreed to the bout and that Charles H. Ebbetts would promote it.

Martin is scheduled to meet Roper on Memorial Day, and plans for a bout with Brennan are being made.

FAMOUS HORSE DIES

Buenos Aires, April 21.—Botafogo, Argentina's most famous race horse and one of the fastest in the world, died Wedensday night at the Mar del Plate stables, where for the first three years he has been used for breeding purposes. He was owned during his racing career by Diego de Alvera, and sold by him in 1919 for $225,000 in gold.

LEAGUE GAMES

National League.

Brooklyn, N. Y., April 21.—Brooklyn opened the season here yesterday with a parade and music, but lost to the World's Champion New York Giants, 8 to 1. The Giants bunched seven hits, including triples by Meusel and Rawlings, and a home run by Earl Smith in the first two innings. Catcher Taylor of the Dodgers, suffered a finger broken by a foul tip in the ninth.

	R.	H.	E.
New York	8	10	2
Brooklyn	1	6	0

Batteries—Douglas and Smith; Vance, Smith, Mammaux and Taylor, Miller.

Alex. Stops the Reds.

Chicago, April 21.—Chicago ushered in the local National League yesterday with a 3 to 1 victory over Cincinnati, in a great pitching duel between Grover Alexander and Pete Donohue. The locals made only three scattered hits, while the visitors made five. A crowd, estimated at 18,000, including a delegation of fans from Cincinnati, withessed the game.

	R.	H.	E.
Cincinnati	1	5	1
Chicago	3	3	1

Batteries—Donohue, Gillespie and Wingo; Alexander and Hartnett.

Cards Trimmed By Pirates.

Pittsburgh, Pa., April 21.—The Pirates opened the season at home with a 10 to 5 victory over St. Louis. The batting of Maranville Tierney and Bigbee for Pittsburgh, and Hornsby's home run for St. Louis, were outstanding features. Sherdel was knocked out of the box in the first inning, and Adams, who pitched for the Pirates the last three innings, allowed only one hit.

At Pittsburgh—	R.	H.	E.
St. Louis	5	8	4
Pittsburgh	10	13	3

Batteries—Sherdell, Barfoot and Ainsmith; Coopers, Adams and Gooch.

Boston-Philadelphia game postponed, rain.

American League.

Detroit, Mich., April 21.—Cleveland trailed Detroit for eight innings yesterday, then rallied in the ninth after two were out, scored two runs and beat the tigers 5 to 4, in the opening game of the American League season here. It was the sixth consecutive defeat for the locals.

	R.	H.	E.
Cleveland	5	7	0
Detroit	4	6	0

Batteries—Bagby, Morton and Nunamaker, O'Neill; Esmoke and Bassler.

Faber Wins Game.

St. Louis, April 21.—Frank Ellerbe, Brown's far-corner man, muffed a pop-fly in the opening frame of the first American League game here yesterday, and permitted two Sox runs to score, the Browns' losing 4 to 2, before a crowd of 14,000. Shocker and Faber pitched good ball. Faber fanned the last three men to face him while Shocker whiffed the last two opponents. Ban Johnson, league president, attended.

	R.	H.	E.
Chicago	4	8	1
St. Louis	2	8	1

Batteries—Faber and Schalk; Shocker and Severid.

Hoist Flag and Win.

New York, April 21.—The New York Americans raised their 1921 championship flag here yesterday and defeated Washington in the opening game of the local American season, 10 to 3. Cold weather held down the attendance. Miller, who hit a home run in Boston on Wednesday, hit another yesterday with two men on bases.

	R.	H.	E.
Washington	3	7	1
New York	10	12	2

Batteries — Mogridge, Courtney and Charity; Jones and Schang.

A Bad Opening.

Philadelphia, April 21. — Boston marred the Philadelphia American League opening by hammering three local pitchers for seventeen hits, from which the visitors gathered fifteen runs. George Burns and Joe Dugan were heavy clouters against their former teammates. Burns had four hits, including two home runs. Dugan and Smith also had two home runs.

	R.	H.	E.
Boston	15	17	1
Philadelphia	4	9	1

Batteries — Pennock and Walters; Rommell, Sullivan and Perkins

Mitchell, Greatest Driver . . . . . In Golf, Once a Gardener

Abe Mitchell has always been a golfing mystery. What is it that makes him the biggest hitter that the game has known? He is tall and powerful, but other players have all his strength, and more, without being able to propel the ball so far Mitchell himself cannot reveal the secret. All he knows is that he hits hard and—well, the ball flies as far as it does.

Mitchell first started golf when he competed in the Amateur Championship, at Hoylake, in 1910. He arrived unhonored and unsung but it was not long before the whole army of players and spectators were talking about his prodigious hitting About lunch-time, on the first day a competitor went into the clubhouse of the Royal Liverpool club, and announced to those assembled in the smoke-room: "I say, there is a fellow out there hitting the ball farther than it has ever been hit before!"

There was a rush to see this giant, as one imagined him to be, for, like the fisherman, the golfer is apt to exaggerate.

Another Gardener.

But it was not long before the whole course was talking about this gardener from Forest Row, Sussex for it was true that, even in those days, Mitchell could outdistance all his amateur rivals.

That year, at Hoylake, Mitchell reached the semi-final, where he met the awe-inspiring John Ball on his own course, and was defeated. Three years later, Mitchell and Ball were the finalists, at Westward Ho! and again the veteran was successful. It was at the end of this season that Abe became a professional.

As a youth, Mitchell was employed as a gardener by Mr. Horace Hutchinson, the winner of the first official Amateur Championship, and it was part of his duties to draw many gallons of water from a well.

Good Wrists and Back.

The story runs that it was this work which developed the muscles of his back and wrists. Mitchell does undoubtedly put his back into the shots, and he flicks the ball with his flexible wrists like a coachman cracking his whip; but so do other players, and they do not get as far as the North Foreland player. Later he became chauffeur to Sir Abe Bailey and it was whilst working in this capacity that he played in the championship at Westward Ho!

It is a big jump from amateur to professional golf, but Abe Mitchell took it in an easy stride. Indeed there has never been a player who has found his feet so quickly among the leaders of the game. He was almost made when he arrived.

Of course, he has improved tremendously in the meantime, but no doubt he would admit that the game to-day gives him more trouble than ever before. He feels his responsibilities; he has a reputation to keep up. The golfer is never free from trials, even on the day of his triumphs.

Two Mitchells.

Mitchell served with the big guns in France, and that was not a good preparation for a golfing career When he returned to civil life the first thing he did was to lose his complete set of clubs. But whilst he soon got together another bag, it is thought his war service has left its mark on his nervous constitution

There are two Mitchells in golf One, like the rest of us, is easily worried and made fretful when out with a card and pencil, marking down every stroke as evidence of his imperfections. The other is a giant in courage and bigness of heart. When he has an opponent to fight he is merciless. He leaves them yards behind from the tee, and he putts as if he did not know what it was to be timid.

Black Marks.

Like most golfers, Mitchell has something to live down, and the worst of it is that one's misdeeds on the links make such a deep impression that only time can erase them. There was that disaster at Westward Ho! in 1912, when, after finishing all square with John Ball, in the final of the Amateur Championship he topped his drive to the first extra hole into a ditch. Then, in 1920 came his melancholy experience in the Open Championship, at Deal when he collapsed as a golfer never did before, and allowed George Duncan to run off with the prize.

Another black mark was scored against him in the American championship, last year, when, worn out by the terrific heat, and distressed by the contrariness of the ball in refusing to run the right way, he suddenly retired from the event Mitchell will recover from these unhappy setbacks, but he will require time in which to forget. Meanwhile he should reflect that no golfer has achieved more fame in such a short time, and that his friend Duncan had to struggle twice as long before he won the championship.

HIGH SCHOOL BASEBALL STARS GETTING READY

Taking advantage of the splendid weather conditions, the Victoria High School baseball enthusiasts are getting down to strenuous practise so as to get into shape as early as possible. It is hoped that two new pitchers may develop in time for the coming season, Hank Cameron and "Smuts" Smith, both boys having remarkable speed and control. If they will play with the school the team will be greatly strengthened, and Taylor, Moody and McIntyre will be given rests when they need them.

A very capable second baseman has made his appearance in Fred Kenny, one of British Columbia's fastest sprinters, and a splendid all round athlete. Besides being a good fielder, Fred can hit. There are many others who are bound to come to the fore in baseball circles this year, and there are many who have great batting ability, amongst whom are Ted Dunn, Dunc McLennan and half a dozen others. Ernie Cook will coach the boys.

VICTORIA LADIES WIN OVER COLWOOD GOLFERS

Two strong ladies' teams, representing the Victoria and Colwood Golf Clubs, met yesterday in their annual match for the Sayward Cup on the Colwood links, and a very close contest ensued, the final result being a victory for the ladies from Oak Bay by one point. Victoria has now won this trophy for the second year in succession, and a third consecutive win will give them permanent possession of the trophy. The score yesterday was as follows:

Colwood—		Victoria—	
Mrs. Sweeney	2	Mrs. Philbrick	1
Miss Sayward	1	Mrs. Paterson	1
Mrs. Abell	0	Mrs. Hutchison	2
Mrs. Willis	1	Mrs. Mogg	1
Mrs. Rithet	1	Mrs. B. Wilson	2
Mrs. Graham	2	Mrs. Goward	1
Total	7	Total	8

VICTORIA CYCLE CLUB

The usual Saturday cycle run of the Victoria Cycle Club will take place to-morrow, commencing from the headquarters, Messrs. Plimley and Ritchie's store, at 2.30 p.m. The proposed route for the day, will be to Royal Oak, via Quadra Street, forward on the East Saanich Road to Butchart's Gardens, and return via West Saanich Road to home.

The club is growing in numbers every week and many new riders including several ladies, have promised to attend the hike to-morrow.

Anyone who has a wheel is welcome to attend. There is no fee, and given fine weather, there is no reason why a large crowd should not turn out for the outing.

ST. JOHN IS GETTING AMBITIOUS; BIG FIGHT

St. John, N.B., April 21.—There is a possibility that the first world's boxing championship title contest ever staged in Maritime Provinces will be seen in St. John soon. Johnny Wilson, the middleweight champion of the world, may come here to box one or other of five possible opponents. Ned O'Flanagan, of Boston, is the most likely choice.

BOXING BIFFS

Lynch in Draw Bout.

Philadelphia, April 21.—Joe Lynch, former bantamweight champion, and Jimmy Mando, of this city, fought 8 rounds to a draw here last night. Lynch weighed 119 pounds and Mando 118½.

Won By a Foul.

Tacoma, April 21.—Oakland Frankie Burns, San Francisco, lightweight, won by a foul in the third round over Bobby Michaels, of New York, in a scheduced six-round bout here last night. Prior to termination of the bout Michaels had fouled Burns twice, but the fouls appeared to be a result of Michaels peculiar style, rather than attempts at unfair tactics. Burns had the best of it as long as the bout lasted.

Frank Farmer, veteran Tacoma heavyweight, knocked out Bill Bethel, of Seattle, in the fifth round of a scheduled six-round second main event.

EDDIE HEARNE IN TROUBLE.

Los Angeles, April 21:—A suit asking that Eddie Hearne, automobile racer, be enjoined from competing in the "Raisin Day" contests in Fresno, was filed in the superior court here yesterday by the Junior Orpheum, of Los Angeles, a corporation which controls a chain of theatres and with which, it contends, Hearne is under an exclusive contract.

SHORTT GETS FINANCE FACTS FROM OFFICIALS

Digests Exhaustive Reports in Effort to Find Solution

Dr. Adam Shortt began in real earnest yesterday to get to the bottom of the City's financial difficulties and find some method of overcoming them. He commenced his actual investigations with a long conference with City Treasurer E. C. Smith, whom he questioned in great detail concerning the City's taxation and financial problems generally. Mr. Smith is having exhaustive figures prepared to show Dr. Shortt the taxation difficulties with which the City has been faced for some years.

To-day Dr. Shortt caled City Comptroller J. L. Raymur into conference to get facts about the City's present financial position. He will confer further with City officials during the rest of the week and, having thus secured a general grasp of the City's problems, next week he will hear representations from anyone who cares to appear before him.

Dr. Shortt has already read through a large volume of statistics concerning the City's finances. He has also gone thoroughly into the Municipal Act and annual City reports of recent years.

ACCUSED JAILED FOR HAVING DRUGS

Morphine Led to Downfall of Addict

William Johnson, arrested at noon yesterday on Fisgard Street, by Detective Phipps, was sentenced to three months' imprisonment to-day. The accused was convicted by Magistrate Jay of being in possession of a small quantity of morphine. When interrogated by the detecitve he sought to get rid of the drug, and succeeded in flinging it on to the street. The detective was watchful, however, and the drug was discovered. Johnson asked the court what would become of his wife and child while he was in jail, but the question went unanswered. He stated he would be willing to go to hospital, but did not wish to go to jail. The court stated there was no option.

E. Gordon Kermode, and Richard Layritz were each fined $15 on charges of speeding. Mrs. S. D. Stewart was fined $5 for improper parking of a car. B. Dalziel was fined $5 for failure to carry the necessary rear light on his car. Lee Yue Jung, charged with being found in possession of opium, at premises located at 608 Cormoran Street, was remanded for hearing until next Wednesday. W. C. Moresby appeared for the accused, who pleaded not guilty.

SUGAR

New York, April 21.—Raw sugar, centrifugal, 3.98; refined, fine granulated, 5.25 to 5.40.

TO-DAY'S TRADING IN WINNIPEG MARKETS

Winnipeg, April 21.—On a good broad export demand at the opening to-day the wheat market rapidly advanced and maintained a strong tone throughout the session, with prices ranging about 2¼c higher. May futures advanced to 143¼ and were steady around 142⅞, while July advanced to 140⅝. Following the advance exporters eased off and business became somewhat dull. May closed 1⅝ higher and July ⅞ up from the previous close. Future coarse grains were all higher.

It was reported from seaboard that 2,000,000 bushels of wheat had been worked aboard over night, but this was supposed to be mostly new crop wheat for July and August shipment.

The cash markets were generally active. Coarse grains were also in good demand, particularly oats, exporters being buyers both for shipping and for mixing with their own.

Inspections totalled 282 cars, of which 139 were wheat.

MAY WHEAT ACTIVE AND HIGHER TO-DAY

(By Burdick Bros., Ltd.)

Chicago, April 21.—The market in May wheat was strong, and at one time was nearly 5c higher than the previous close, selling at 147¾ as against 143 last night. The advance was not all held, as scattered selling by early buyers eased the market down to 145⅝, where it closed. The deferred months were not as strong as the May, and the net advance for the day was only a small fraction over last night. Cash markets were strong. Foreign markets were 1c to 2c higher, and weather reports from the northwest report that rains will delay Spring work about two weeks. The close was steady, with trade moderate.

SUBSTITUTES WILL REPLACE BUTTER IF DECLINE CONTINUES

From every corner of the retail market is heard the remark that butter is due for its historical year as far as shortage and quotations are concerned. Never before in the history of the local retail market has the stock been so low and prices so high. In regard to quotations, the prices were higher during the war, but this was not through shortage.

No authentic reports could be announced to-day regarding the future of the dairy section, the only news being received was that the Praire farmers will not be able to put their cows to pasture until the end of the month, which is the latest date yet known for that occurrence.

It is evident that the prolonged and extremely cold Winter is the cause of this unexpected development in butter prices, which were expected to drop following the Easter holidays.

The shortage is not only felt in British Columbia, but reports show that as far east as New York and south as San Francisco the butter situation is being dealt with in a conservative manner. Wholesalers are not so generous in their supplies to the retailers. Unwelcome news was also received when announcements were made that no more New Zealand shipments would be received on this side of the Pacific during this season.

The Antipodean product has been a great asset this season in keeping the butter market in a buoyant condition. Statements received this morning from a leading retail firm lead buyers to believe that the end of the month will show a more encouraging prospect, as by this time the prairie provinces will be shipping butter.

It is interesting to note that the New Zealand butter still holds a lower rate, despite the fact that the consignments have stopped. Our Own Brand butter was quoted at 50c, being a slight advance over the previous quotation. The entire stock is expected to be cleaned out at the end of Saturday.

The quotations have been revised as follows:

WOOLEN PRICES TO BE RAISED

Big American Company Advances Lines 10 to 45 Cents Yard

New York, April 20.—That even the best efforts of a strong factor in an industry can be baffled by primary market conditions was shown when the executives of the American Woolen Company, after a long meeting in the Waldorf-Astoria Hotel came to the conclusion that costs of raw material have reached such a proportion that the prices announced at the company's openings could not be continued. The big company feels itself forced to put up prices in its woolen lines from 10 to 45 cents a yard and to take under serious consideration future action regarding its worsted lines. This action will be decided at another meeting to be held soon.

In addition to the increase in price, the sold-up condition of the company's woolen mills is such that only a limited number of duplicate orders will be taken for extended delivery.

The increase decided upon is believed to account for practically the reductions made at the openings. It was forced on the company by wool costs and reflects only the actual advance in raw material.

The trade will receive this news with mingled feelings. Those who declared the big company was doing a splendid thing in cutting prices to the bone to start the trade wheels rolling again will be somewhat disappointed and may feel that the prosperity which Mr. Wood considers so near may yet be somewhat delayed. The malcontents who said the American Woolen was cutting its and others' throats, not only cutting prices, will chuckle in the old-time "I told you so" way.

Neither, however, may be entirely right. The American Woolen executives are about as keen a set of business men as can be found in the country and certainly are in no way disposed to hinder forward movement in trade. One jobber said yesterday that he believed there was more actual kindness to the trade in general in the increase than might appear on the surface. As a barometer of present and coming conditions, though, the increase is of more than passing interest and portent.

BANK CLEARINGS

Winnipeg, April 21.—The bank clearings in the principal cities of Canada for the week ended yesterday, as compared with the corresponding week a year ago, were:

Three Important Features

to be sought in an investment are security, fair yield and a convenient method of collecting interest.

Canadian Government and municipal bonds possess these three qualities.

The security is of the highest grade, coupons are promptly cashed, and the yield ranges from 4.85 to 6.75 per cent.

Details of our offerings will be mailed upon request.

Business Chest Measure

Have you ever tried to wear a coat that is several sizes too small? Comfortable—not! If your advertisement expenditure is cut too small for your business chest measure your business will do exactly what you would do in a too-small coat. It will shrink out of sight where no one will notice it. Let your business throw out its chest and see that its clothes (advertisements) are big enough to grow in.

"Advertising Is to Business as Steam Is to Machinery"

ADVERTISING THAT IS EDUCATIONAL
The type of advertising that is devoted almost exclusively to winning customers away from competitors on a price basis is fast waning in popularity, and is being supplanted by a cleaner and more constructive type of publicity which tends to build up rather than to tear down. We prepare only constructive advertising, knowing full well that it pays.

IF YOU ARE LOOKING FOR A HOME

"JUST A LITTLE DIFFERENT"

HERE ARE TWO YOU CAN'T BEAT FOR ATTRACTIVENESS AND VALUE.

LARGE living room (18.6 x 14 ft.), two cosy bedrooms, Dutch kitchen, scullery, fully equipped bathroom and large sunroom, make up one of the most charming and attractive little bungalows in the city. The living room has a six-foot pressed brick fireplace, handsome built-in buffet, leaded glass windows, oil painted walls and ceiling, etc. The bedrooms are beautifully papered and tinted and contain clothes closets. All kinds of labor saving devices in the kitchen, which is finished in several coats of white enamel. Scullery with stationary wash tubs. Well laid floors, all highly polished. Large, well built garage for two cars. Cement sidewalks and runway to garage. Picturesque lawn and garden. This is really a lovely little home and guaranteed to be in perfect condition. A look at this property will convince that it is one of the best buys on the market at

$3,150, ON SUITABLE TERMS.

FOR $4,200, on terms, we can offer one of the choicest sea view properties of its class in the city to-day. The house consists of a very large living room with large open fireplace, exceptionally large plate glass windows with a wonderful view of the sea and mountains. A cheery dining room, panelled and beamed and finished in imitation leather burlap. Spacious hall and a most comfortable little den, nicely panelled and with large open fireplace. Fine big kitchen, with a fully equipped pass pantry. The downstairs portion of the house (with exception of the kitchen) has well laid HARDWOOD FLOORS. The upstairs consists of three good bedrooms, with clothes closets. One bedroom leads onto small balcony. There is a full sized cement basement, extra toilet in the basement, and there is an almost NEW hot air furnace, stationary tubs, etc. Nice, clear, level lot, facing southwest, and without a doubt in one of the choicest residential parts of the city. We know you cannot beat this wherever you go.

PRICE ONLY $4,200.

Times Book Review

(By Professor W. T. Allison.)

LITERARY NOTES

A book that ought to interest Canadians will shortly be published by the Macmillan Company, Toronto. It is entitled "Tramping with a Poet in the Rockies" and has been written by that super-tramp, Mr. Stephen Graham, whose book, "Europe Whither Bound?" I reviewed in this column several weeks ago. The poet to whom Mr. Graham alludes is Mr. Vachel Lindsay, the well-known American free-verse chanter. Messrs Lindsay and Graham must have had a good time together, for they are both real vagabonds, lovers of the open road, and all that. I fancy this was their first visit to the Rockies and the book ought to be specially fresh on that account.

I am glad to see that the English publishers, Chatto and Windus, are bringing out a one-volume five-shilling edition of the complete works of Artemus Ward, the famous American humorist.

A curious mistake occurs in an advertisement in the London "Times Book Supplement," where the Oxford University Press announces the publication of "The Life and Letters of Sir William Laurier" by Oscar Douglas Skelton.

Last year 8,329 books were published in the United States. Of these 5,438 were new books, 1,008 new editions, and 1,883 pamphlets; 6,526 were by American authors and 1,803 by foreign writers. Of the latter books 1,352 were imported and 451 manufactured at home. The price of books has gone down slightly. Book paper which used to cost about four cents a pound went as high as thirteen cents during the war; it is now down to seven cents. The wages of bookbinders have gone down but are still fifty to seventy-five per cent. above pre-war rates. The cost of making a book in the United States or Canada is still from seventy-five to 100 per cent higher than in 1914.

Everybody remembers how Dickens described the Veneerings, in "Our Mutual Friend." "Mr. and Mrs. Veneering were bran new people in a bran new house in a bran new quarter of London. Everything about the Veneerings was spic and span new." In Sir Harry Johnston's new novel "The Veneerings," which the Macmillan Company is bringing out, the author follows the fortunes of the Veneering family and their circle in England, France and South Africa. Mr. Podsnap, Mr. Twomlow, the Lammles, the Wrayburns, John Harmon and Bella Wilfer, his wife, all appear in this continuation-novel handled with the same skill that distinguished Sir Harry's earlier romances, "The Gay-Dombeys" and "The Man Who Did the Right Thing."

$3500—A HOLLYWOOD CRESCENT HOME of six rooms, overlooking the water and in a most ideal situation; extra large rooms, very well lighted, full-sized basement, newly painted outside, interior walls spotless, a beautiful lawn, flowers, roses, good garden and fruit; owner leaving city and must sell in seven days. This home is in the pink of condition inside and out and ready to move into. Immediate possession. Very easy terms arranged.

$4200—HERE is a very pretty, brand new five-roomed bungalow in Oak Bay, never been occupied and now ready for possession; entrance hall with panelled walls, living room with granite fireplace, window seats and cream woodwork, dining room finished in panelled walls, buffet and fireplace, kitchen and pantry in white enamel, large back hall opening into two bedrooms in grey and a bathroom in white; full cement basement. Price, $4,200 on terms.

OUTLAY REPORTED AS $55,621,469

For Soldiers' Re-establishment and War Pensions

Information Given Canadian House of Commons

Ottawa, April 21.—The sum of $55,621,469.71 was expended by the Department of Soldiers' Civil Re-establishment and the Board of Pension Commissioners for Canada during the calendar year 1921, according to information brought down in the House yesterday afternoon by Hon. H. S. Beland, Minister of Health and Soldiers' Civil Re-establishment, in answer to a series of questions asked by William Duff, Lunenburg.

The expenditure of the Department was divided as follows:

Pensions, $36,671,010.98, or 66 per cent.; treatment, $13,568,012.46, or 24.3 per cent.; vocational training and loans, $3,878,007.40, or 7 per cent.; relief of unemployment, $1,504,335.87, or 2.7 per cent.

25,000 CHICAGO FAMILIES IN TENTS

Chicago, April 21.—Twenty-five thousand Chicago families will live in tents in the forest preserves near the city during the Summer to avoid paying high rentals, E. A. Potter, manager of the Chicago Tenants' Protective League, announced to-day.

All plans for the tent cities have been completed, he said, and asserted that a family could be equipped to live in a tent all Summer for $90, or for one month's rental for many flats.

The campers, he said, will be divided into groups of twenty-five families each, and a chieftain will be appointed for each group. No dogs will be allowed in camp, but there will be no limit on children, it was asserted.

"This move will be the greatest ever toward beating the greedy landlord," Mr. Potter said in announcing the completion of plans, "twenty-five thousand vacant flats in Chicago all Summer will beat him to a frazzle."

HIS WIFE'S SHARE

A doctor, whose practice is largely among the mill hands of his locality tells an amusing story at the expense of an old Irishman.

Both he and his wife were taken with severe colds, which threatened to develop into influenza, and the doctor advised quinine and whisky as an antidote.

"You must both take it," he said. "Take it every three hours—two grains of quinine and a little whisky."

The next day he called again. The man was up and about, but his wife was in bed.

"Did you follow my instructions?" asked the doctor.

"To the letter," replied the husband.

"How much quinine have you left?" was the next question.

"Sure, I t'ink she have taken th' whole av it," said the man.

"And didn't you take it, too?" asked the doctor.

"Niver a bit," was the reply. "It kept me busy takin' th' whisky every toime she took the quinine, an' shure she's in bed an' Ol'm up!"—Tit-Bits.

A SPLENDID ESQUIMALT BUNGALOW

FIVE-ROOMED BUNGALOW and lot 66 x 120, nicely laid out with fruit trees, etc.; dwelling consists of reception hall, large dining room with archway, dining room artistically beamed and panelled, large open fireplace, built-in buffet, two large bedrooms with bathroom between; large cement basement; half a block from car. Price, on terms; only $3,150.

NORTH END MODERN HOME

SEVEN-ROOMED TWO-STORY DWELLING — Consisting of large reception hall, dining room and parlor with folding doors between; parlor has very nice, large open fireplace; also a cosy den; three bright bedrooms; good full-sized cement basement with furnace, extra toilet and washtubs with hot and cold water; the upstairs bathroom is magnificent; taxes only $55.00 per annum. Price only $3,750; $600 cash, balance $30.00 per month; $2,000 mortgage can remain. Or will exchange for five-roomed cottage in James Bay or Fairfield.

GORGE DISTRICT HOME

IT has only two rooms, but is so built that it can be conventently added to; large basement, brick chimney, etc.; lot it 57.05 x 120 and is all fenced. Price $1,000; $250 cash, balance $10.00 per month.

Traps Set For Tricksters

John Citizen's Little-Known Protectors.

Most people are unaware of the existence of certain local bodies whose duty it is to see that the public is not imposed upon by swindlers.

These bodies ensure you good gas; your proper holidays if you are a shop assistant; fair weights and measures; protection against fraudulent agencies and various diseases. They take steps to stop smoke nuisances and insect plagues, and prevent disastrous explosions by supervising the storage of oil and motor spirit.

The necessity for this supervision of public interests was explained to the writer by Sir George Bettesworth Piggott, chairman of the Public Control Department of the London County Council. This department exists to protect John Citizen against people who would prey upon his innocence. A coalman was caught recently delivering only seventeen sacks of coal instead of twenty to an unsuspecting householder. An ingenius tradesman substituted wood for lead in some of his weights, while a milkman had a double bottom in some of his measures.

Testing Weights and Measures.

"It is the duty of inspectors attached to the Public Control Department to watch for these tricks," Sir George explained. "They are experts at their job. They may be called upon to test apparatus capable of weighing a lorry, or a scale that is sensitive to the one-thousandth part of a grain. They can verify a brewer's vat or a dairyman's churn, or a small measure containing only a fraction of a gill. These inspectors have the power to enter a shop at any time to test weights and measures, thousands of inspections being made in London every week."

Again, shops are visited systematically in order that the interests of assistants may be protected. Eighty thousand shops in London are affected by the provisions of the Shops Act, and, in addition, more than ten thousand stalls. Approximately, the inspectors look after the interests of one hundred thousand assistants.

Frequent visits are paid to premises to see that the regulations governing the sale of poisons are observed strictly. Fruit and vegetables arriving at the market are examined for destructive insects and pests.

The Danger of Explosion.

Skilled veterinary inspectors keep a watch on the meat markets for animal diseases; while gas referees see that the quality and quantity of the gas for which you are paying is correct.

"The growth of the motor industry has led to a great increase in the work of this department," Sir George Pirgott remarked. "There are, for instance, 3,327 licensed premises in the County of London, at which about three and a half million gallons of petroleum spirit are kept. It is obvious that any carelessness in regard to storage might lead to a serious explosion. Consequently the premises are visited by inspectors from time to time to see that the conditions of the licences are observed."

For a similar reason, the fifty-four depots where upwards of thirty-four million gallons of oil are kept are inspected regularly.

There are inspectors to see that the atmosphere is kept clear. The smoke issuing from the shafts of factories and trade premises, dwelling-house chimneys, rail and road locomotives, and steamboats is watched carefully, and any excess which may be regarded as a nuisance is checked.

John Citizen may grumble at his council rates, but the facts show that he is getting value for his money.—Tit-Bits.

HOW'S THAT, UMPIRE?

Not long ago, in a local cricket match, play was very dull until a young giant of the visiting team went in to bat.

To such purpose did he set about "livening up the game"—as he put it—that in less than half an hour he had scored fifty runs.

Then, after dispatching four balls in succession to the boundary, he put his leg in front of a straight one.

There was a triumphant yell from the bowler: "How's that, umpire?"

"Not hout!" was the unexpected reply.

"What?" roared the bowler.

"Not hout!" repeated the umpire adding, calmly: "We hain't seen such cricket for twenty years an' we wants some more. Not hout!"

The bowler protested, but the umpire—with public opinion behind him—stuck to his decision.—Tit-Bits.

CANNOT RESIGN NOW, BOWSER REPLIES TO KAMLOOPS DEMAND

Must Hand Leadership Trust Back to Provincial Convention

Says Oliver Might Spring an Election on Party Left Without Leader

W. J. Bowser, K. C., cannot now resign the leadership of the Conservative party.

He made this announcement last night at a meeting of Ward Three Conservatives, in reply to the resolution passed last week by the Kamloops Conservative Association calling on him to relinquish the leadership at least sixty days before the Provincial Conservative convention in the Summer.

The idea of the Kamloops Conservatives is that the resignation should be made almost at once, so that the whole question of leadership might go unhampered before the convention.

Mr. Bowser explains that the leadership of the party is a trust imposed on him by the Provincial convention of the party at Vancouver in 1919 when he was the unanimous choice and that he can resign that trust only by handing it back to a similar convention of Conservatives.

Reads Letter Explaining Stand.

The reply of Mr. Bowser was dated April 20 and addressed to A. E. Meighen, secretary of the Conservative Association of Kamloops. It was as follows:

"Dear Mr. Meighen,—I am in receipt of your letter of the 13th inst., enclosing copy of resolution passed by the Kamloops Conservative Association, in which they express the opinion that I should resign the leadership of our party sixty days before the proposed convention.

"As you know I was chosen leader in 1919 at a very large and representative convention from the whole Province, and have been carrying on ever since to the best of my ability, and when a suggestion such as this comes from a section of the party only I must consider what my duty is to the party as a whole, and I am strongly of the opinion, in which many of my friends agree, that I must undertake and carry out all the responsibilities of that office until the convention is held.

"When the convention meets the joint committee appointed from the National Liberal-Conservative party and the Conservative party will present a report which, if adopted, means that the above two parties will disappear and a new party, to be known as the Liberal-Conservative party, will take the place of the other two. When this happens my term as leader automatically comes to an end, and I simply go back on to the floor as an ordinary delegate to the convention, which will at once choose a leader for the new party, and I may or may not allow my name to be brought forward for that position.

Will Issue Statement.

"Before the date of the convention I propose to issue a public statement along this line so that the elected delegates may thoroughly understand my position in the matter, and know that any delegate will thus be at liberty to bring before the convention the name of any person whom he may consider a proper man for leader.

"While no doubt your association is actuated with the very best motives and is looking forward only to the future success of our party, still I think you must have overlooked what a serious step it would be for me to take were I to accede to your request. If I were to resign there would be a strong probability that in the sixty days intervening before the convention Mr. Oliver would bring on his two by-elections, or perhaps a general election, while he finds our party without a leader.

"The responsibility of resigning I cannot see my way to undertake, but will have to, even in the face of adverse criticism, still assume and carry out the duties of leader until I am relieved of that burden immediately the new party comes into existence."

Not Asking Sympathy.

Mr. Bowser also said:

"During recent days there has been discussion on the street and in the press as to my position as leader of the Provincial Conservative party. I am not here to ask sympathy or make any defence of my course in that office. I have tried to follow a dignified and consistent course as befits the position and the party I lead. I have doubtless made mistakes, and I am open to the criticism of my friends—I always am certain of criticism from our political enemies. I regret that I cannot see eye to eye with my Kamloops friends. I think my reply to that request is a fair course for me to adopt.

"I desire to deal with this matter in the frankest manner possible. I have every confidence in the wisdom of the choice to be made by the convention. I am certain the convention will act in the interests of the party. Whatever decision is reached will be acceptable to me. I am here as leader only to seek to relieve the Province from one of the worst Governments it has had since Confederation. The party which succeeds the present administration will have a tremendous task in bringing the Province back to a satisfactory condition. If the convention decides that some other person shall be leader I can be depended upon to do everything in my power to assist that leader in installing a Conservative Government in power."

Convention Plans.

Mr. Bowser explained that the date of the convention has not been finally decided on because of the uncertainty as to when the Federal Parliament at Ottawa will rise. He said the convention is planned to organize both Provincial and Federal branches of the Conservative organization into one organization under the name of Liberal-Conservative. There will be 577 delegates from every part of the Province. Each riding will send ten delegates for each Provincial member. Victoria will have 40 delegates for its Provincial representation, and besides 13 other delegates including Federal members, officials and others. Travelling expenses will be pooled and this will mean a larger and more representative attendance.

Mr. Bowser said that as soon as the convention is called the report of the joint Federal-Provincial Committee will be presented calling for amalgamation and as soon as it was approved the two old organizations would automatically disappear and with this his office as leader.

After Mr. Bowser's speech, Canon Hinchliffe, M. P. P., spoke and a musical programme was given by Miss Lewis, Miss Thomas, Miss Rogerson, Vaughan Jones, J. O. Dunford and Buckle and Professor Evans. Dancing followed under the control of W. Revercomb.

TEACHERS' SALARIES.

Winnipeg, April 21.—Adoption by Canada of the Australian system of paying teachers in the rural districts larger salaries than teachers in the cities, was recommended by Miss Theda Gildemeister, Winona, Minn., when addressing the Manitoba Educational Association at the final session of the seventeenth annual convention yesterday afternoon.

The question of better salaries for rural teachers was also referred to in the course of the convention by the retiring president, H. D. Cumming, who stated that rural teachers should get at least the same pay as that given city teachers.

CANADIAN BRIDGE COMPANY AWARDED BRIDGE CONTRACT

But City Will First Renew Efforts to Get Government Aid

Ask Bridge Loan Increase by Order-in-Council or Legislation

Contract for the work of completing the new Johnson Street Bridge was tentatively awarded to the Canadian Bridge Company by the City Council yesterday afternoon. The contract will not be finally placed however, until the Council can make arrangements for financing the remaining bridge work. Efforts to have the Provincial Government allow the city to borrow the money needed without the submission of a by-law to the electors will be made immediately.

These decisions were reached after a debate which stretched over an hour and a half—most of it in private. Finally the Council passed a resolution proposed by Alderman A. E. Todd—that the bridge contract be awarded to the Canadian Bridge Company provided the Provincial Government by order-in-council immediately or by legislation in the Fall, increase the original bridge by-law by $110,000.

Alderman Todd argued that the Government was vitally interested in the completion of the bridge. "Premier Oliver went out of his way to press this 'project,' he declared. "This is one of his pet projects—this disaster that the citizens of Victoria are now wasting their money upon."

"That's too strong a word!" Alderman Patrick protested.

"No, it's not," Alderman Todd replied. "We all know of the assurances that were given the citizens of Victoria in connection with this undertaking."

Favor Immediate Action.

Alderman Dewar proposed that the bridge contract should be let immediately to the Canadian Bridge Company, the lowest tenderer.

"We cannot pledge ourselves to this work when we haven't got the money for it," Alderman Todd warned.

"The city has entered into contracts before without actually having the money to pay for them," Alderman Dewar replied.

Mayor Marchant renewed his suggestion that the excess bridge costs should be paid out of general revenue over a period of three years. He did not feel that the Council should leave the matter to the Government. Personally he had never supported the request that the Government should increase the bridge loan—an action which would set up a serious precedent.

Alderman Leeming said that the citizens could not bear this extra burden this year.

"We have got to know where we are going to get the money before we start the work—there is no use putting our heads into the sands like ostriches," said Alderman Patrick.

"I have no faith in Alderman Todd's resolution," the Mayor stated "It's most improper because it ties us up to the Lieutenant-Governor-in-Council and it's unlikely that a self-respecting company would accept a contract under these conditions. It's unlikely, too, that the Government will increase the Bridge By-law. We must remember that the Premier advocated this bridge project—and I opposed it then—on the understanding that it would cost $720,000."

"The Premier acts is if he were a bridge expert, a railway expert and general poo-bah rolled into one," remarked Alderman Todd.

Later on Alderman Todd protested the Council was wasting too much time this year.

"That's amusing because you are the chief offender," the Mayor retorted.

Mr. Preston's recommendation that the Canadian Bridge Company should be awarded the bridge contract was supported in messages from J. M. R. Fairbairn, bridge engineer of the Canadian Pacific Railway Company and the Strauss Bridge Company which drafted the bridge superstructure plans.

Disowned by Her Mother because the wealthy and eccentric woman did not like the man she married. The child of that marriage failed to know anything about his rich grandmother until he met her in the course of his professional activities, and as his profession was that of taking other people's goods, the family reunion was rather startling. How it worked out is shown by Bert Lytell in Alias Ladyfingers," a Bayard Veiller production for Metro at the Capitol Theatre next week.

SCIENTISTS FIND MEANEST DISEASE

Colds Weaken the System And Pave Way for More Trouble

There is nothing that will sour your temper quicker than a cold in the head. Most people will sniffle and cough until they become sick enough to see a doctor who in nearly every case prescribes standard remedies and drugs for a cure.

The standard prescription which has been used by physicians successfully for many years is now put up in capsule form under the name of Grip-Fix. The exact formula is on every box and the makers of Grip-Fix invite you to submit it to your family physician for his approval.

When you notice the first symptoms of a cold coming on take two Grip-Fix capsules according to the directions on the box. If these directions are followed to the letter your cold will be relieved in a night.

A good plan is to always keep a box of Grip-Fix in your house. You are always in danger of colds and when you have Grip-Fix with you, you can feel immune. It is easy to cure if taken at the start. There is nothing more foolish than to let a cold "run its course."

Grip-Fix may be obtained at any drug store at 35 cents a box. Be sure to remember the name and to avoid substitutes. There is no real substitute for Grip-Fix. Vancouver Drug Co., Limited, special agents. (Advt)

WHAT IS A LETTER

Many Times It's a Guide to Health as is This One

Women—Read It

Marmion, Ontario.—"Before using Lydia E. Pinkham's Vegetable Compound I was a total wreck. I had terrible pains in my sides and was not regular. Finally I got so weak I could not go up stairs without stopping to rest half-way up. I saw your medicine advertised in the newspapers and gave it a trial. I took four bottles of the Vegetable Compound and was restored to health. I am married, am the mother of two children and do all my housework, milk eight cows and do a hired man's work and enjoy the best of health. I also found the Vegetable Compound a great help for my weak back before my babies were born. I recommend it to all my friends."—MRS. HENRY JANKE, Marmion, Ontario.

Letters which you read in the newspapers recommending Lydia E. Pinkham's Vegetable Compound are genuine expressions from women who have been helped by this splendid medicine. They are anxious for other women, who may be suffering as they did, to know of the great merit of this medicine.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent you free upon request. Write Lydia E. Pinkham Medicine Co., Lynn, Mass.

PASS SCHOOL COSTS "UNDER PROTEST"

Council to Ask Minister to Reduce School Expenses Here

School estimates, passed by the City School Board were approved "under protest" by the City Council yesterday. The Mayor and Aldermen resolved, however, to continue the old fight to get school expenses reduced by action on the part of the Provincial Government.

Hon. J. D. MacLean, Minister of Education, will be informed of the growing school costs and asked to take measures which will reduce the present burned.

"The trouble is the Provincial authorities call the tune and we pay the piper," Alderman Gillespie explained

Alderman Perry replied that the present school work outside of class room study, had been started at the wish of the electors.

Alderman Woodward asserted that too much education was being provided for children incapable of using it in their lives. A new system of scholarships whereby only clever students would receive higher education was needed, he said.

"Who would award the scholarships?" Alderman Perry demanded but several members protesting against the tendency of the debate to stray out of reasonable bounds, the discussion dropped.

"Why don't Aldermen Gillespie Perry, Woodward and some others who talk so much about school matters run for the School Board themselves next year and settle the matter?" Alderman Dewar asked.

"Why include me—I haven't said a word!" Alderman Leeming protested

INDIAN FEATURES FOR VICTORIA DAY

(Continued from page 1)

sports and a community sing at the Parliament Buildings, when the Choral Society will render a novel programme.

Horse Jumping.

Mr. McCleave, the local trainer of jumpers, made an offer to the committee last night to stage two evening entertainments at the stadium when his string of twenty-eight jumpers would be seen in action. The Stadium should be illuminated for the event, and the display, it was promised would be exceptional. This offer the committee accepted without delay.

Fireworks the committee voted down, costing $900 for some three quarters of an hour entertainment, an expense, it was said, that would not be justified this year. As usual, parades will be a big item on the entertainment list, and publicity abroad will be one of the main departures this year, with an eye to reaching out after visitors.

Regatta.

The military are to be asked to double efforts, in order to make up for the loss of the naval entries in the regatta, which is to be a lively feature this year. Swimming will play a large part in the aquatic programme, when the Gorge will once more present its animated sight on May 24. Prizes for all events are planned by the committee, if the funds can be raised to the extent desired to make a success of the entertainment.

A suggestion from Police Commissioner Joseph North, who attended, received the favor of the gathering. Mr. North held that it might not be impossible to lure two of the United States battleships out of the "dry" belt to northern waters for the occasion.

An effort will be made in this direction by R. W. Buller.

Sub-committees struck last night included David Spencer, Regatta; Commissioner North, Printing; C. B. Sylvester, Parade; Ernest Down, Entertainment, and Mr. Buller, Transportation.

Commissioner North was instructed to get the printing and posters out at once, so that literature could be widely circulated.

MANITOBA CHINESE KILLED BY CHINESE

Winnipeg, April 21.—A Chinese laundryman ran amuck with a gun at Gilbert Plains, West of this city, last night, killed a fellow countryman, wounded another and then attempted suicide. The wounded man and his assailant were taken to the hospital, both in a critical condition.

FINDS CONDITIONS BETTER IN CANADA

President of Canadian Life Underwriters' Association Here

Life insurance is usually regarded as a good index to general business conditions, and according to J. G. Stephenson, President of the Canadian Life Underwriters' Association, conditions are improving generally throughout the country.

Mr. Stephenson, who is accompanied by Mrs. Stephenson, is the president chosen at the annual gathering in this city last August, and is now making his first visit since that time. In addition to the usual visits to various parts of the country, the president this year has had the extra duty of attending the series of sales congresses for insurance men which have been held throughout the country. There have been nine of these congresses held, and the final one was completed last week in Vancouver for British Columbia agents.

This wide travel has enabled Mr. Stephenson to see a considerable portion of the country, and he says that conditions, particularly in Quebec Province, show a distinct improvement. He told The Times last evening that the life insurance business had naturally felt the pressure of adjustment in all lines of activity. Endowment insurance was very similar to dealing in bonds, he pointed out, except that the payments were spread over the life of the policy, and when ordinary business transactions wavered, naturally there was less indication to invest in life policies.

Mr. Stephenson expressed the opinion that the recent sales congresses would be very beneficial to the communities affected, and result in drawing better results from the men engaged in the business.

With his visit to Victoria Mr. Stephenson concludes his tour, and the next big gathering will be the annual meeting in Toronto early next Fall, which will be of an international character.

SAANICH TAX RATE SAME AS LAST YEAR

Assertion That Roadwork Suffers to Relieve Ward Three Is Contested

"The reason why there has been no demand for an increase in the mill rate in Saanich this year, for use in larger ward appropriations, is consideration for Ward Three at a time when heavy waterfrontage charges may prove burdensome," said Councillor McWilliam of Ward Four last night, when the Saanich Council was finally passing the estimates and taxation by-laws.

Councillor McWilliam urged that more money was needed by some wards to enable residents to secure roadways. Reeve Watson declared that the $5,000 provided this year for each ward compared favorably with any year except the last, "when the wards were spoilt with $9,000 appropriations."

Couples Rate With Work.

Councillor McWilliam declared that Ward Three workmen should bear in mind the tax rate when asserting claims to preference on laying the waterworks, and was supported in this view by Councillor Macnicol.

Councillor Horner protested that he had consistently fought for no raising of the tax rate under any circumstances, and had never thought of coupling up consideration for waterfrontage payers.

The vote to establish the mill rate at last year's figure of twenty mills then passed, whereupon Reeve Watson declared, "now this policy is settled, I must warn you, there will be no deficit this year due to over expenditure by the wards. The only excuse for a deficit must be in revenues not being up to expectations."

QUEBEC TO HAVE LIQUOR DELIVERIES

Montreal, April 21.—Within a few days it will be possible for any citizen to write or telephone the stores of the Quebec Liquor Commission and order one bottle of liquor or as much wine as he requires and on payment of the charges, plus 30 cents for cartage, it will be delivered at his house. If he lives in a country district, the Commission will bear the cost of telephoning, only the cost of packing and the container being charged against the consumer.

WAS TROUBLED WITH HER LIVER

FOR OVER 4 MONTHS

When the liver becomes slow, sluggish and torpid it is not working properly and does not supply sufficient bile to thoroughly act on the bowels and carry off the waste products of the system, hence the bowels become clogged up, the bile gets into the blood, constipation sets in and liver troubles follow among which are, sick or bilious headaches, heartburn, water brash, jaundice, floating specks before the eyes, pain under the right shoulder, coated tongue, bad breath, yellow eyes, etc.

MILBURN'S LAXA-LIVER PILLS

quickly remove the secretions, clear away the effete and waste matter by acting directly on the liver, and making the bile pass through the bowels instead of allowing it to get into the blood.

Mrs. Alice Mehill, Napanee, Ont., writes:—"I was very badly run down for over four months. I tried several remedies, but got no relief. One day my husband brought me home a vial of Milburn's Laxa-Liver Pills, and before I had used half of it I was much better. I only used two vials and I am a different person to-day.

"I can safely recommend Laxa-Liver Pills to any one troubled with liver trouble."

Price, 25c. a vial, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. (Advt.)

WHAT THE CLUBS ARE DOING

Prince Rupert Rotary.

The first anniversary of the establishment of the Prince Rupert Rotary Club was celebrated by a dinner at which the wives and lady friends of the members were guests The new officers for the year were installed and Dr. Grant gave a report of the recent convention at Vancouver which he attended as a delegate from the club. There was also a good deal of singing and merriment.

The new officers are as follows:

President, T. H. Johnson.
Vice-president, Duncan C. McRae.
Secretary, George Rorie.
Treasurer, Richard Moore.
Directors: M. P. McCaffery and James Lee.

Nelson Rotary.

Nelson Rotary Club has received its charter, the weekly luncheon at the Hume being the occasion of its presentation. Sam Porter, a member of the Lethbridge Rotary Club, representing the international president, made the presentation. In the absence of the president, F. J. Boles, the chair was occupied by the vice-president, Dr. L. E. Borden.
